Crew Practicing Daily on River
Season Devoted to Developing a First Class Eight for Next Year.

Although they probably will row no race this year, the crew is practicing daily at the H. A. A. boathouse, and is showing very good form. This season is being devoted entirely to developing the crew, so that a full schedule may be arranged for next spring. Many of the new men are freshmen, who have had almost no experience in shell rowing until they came to the Institute, but they have shown much improvement, and will make valuable men when completing the course in rowing through which Coach O'Leary is putting them.

A few of the old men will be back next year, and together with the new ones are expected to make a crew that will be as good as that of any college.

The Sophomores play Dorchester H. S. The latter, without its star pitcher, Bruns, was defeated by Boston College High School. Freshmen in the new class are ready to place. Swift up to the present has been eradicate much of his wildness.

L. PINKOS, College Tailor

announces the arrival of his complete line of Spring and Summer woolens which are now on display both at the Boston and Cambridge stores.

Please note to see my "L. PINKOS SPECIAL" Suits which I am making at $35.00.

These suits are made of Foreign woolens and are strictly custom made, in my own workrooms, by skilled tailors, and bear all the characteristics of much higher-priced suits.

One Piece Hammer In the New Model Ithaca

If you use more than one nail in a hammer the force of each is wasted individually in the hammer. Where you used to set one nail only, long, or staple, or storage, or 'meat' hammer now you can set as many nails as you choose at one blow and can complete in a fraction of the time. Our hammer is based on the best of all identical hammers and will give you more than twice the force and power of the old, and will prove itself a two dollar tool that will save you money and time up to a year.

Ithaca Combination Spool and Thread Holder. All old thimbles and different sizes to thread up to four needles at one time. We are the makers of this tool.

Ithaca Cone and Spool Holder. The best in size and quality. There are three sizes, No. 1, No. 2 and No. 3. In the last tool there is a separate compartment to hold 2 threads up to 50 yards.

Ithaca Treadle Holder. The best of its kind. Also sold by many dealers by the dozen.
