COMBINED MUSICAL CLUBS' BANQUET
Copley Square Hotel Tonight—
Electors Held After the—
Dinner.

The annual election and banquet of the Combined Musical Clubs of the
Boston College and the Boston Conservatory of Music will be held at the
Copley Square Hotel tonight at 8.15 o'clock, and the management feels confident that at least fifty men will be present to
enjoy the excellent menu which has
been prepared for the occasion.

A dinner under the auspices of the
Tech Show will also be held tonight,
and this will probably take a few men
from the Musical Clubs' banquet.
Arrangements for their respective functions were nearly completed when it was discov-
ered that the dinners were to come on
the same date. The Combined Musical Club management has
decided to give the dinner to the men
who have so faithfully supported the
clubs and given and spared.

The results of the recent election of
officers for the coming year will be announced at the dinner.

ALL TECH SHOW MEN.

All members of the Tech Show are
wanted at the dinner to be held this
evening in the Union at 6.30 o'clock.
They are expected to meet at the
floor, but actual voting will be by
secret ballot.

The men elected will serve as officers
for one year, and as other im-
portant business will come up, all men
are asked to be present. The nominations will be made from the
floor, but actual voting will be by
secret ballot.

Prominent leaders of the society, Professor George F. Swain, Tt., Profes-
sor of Civil Engineering at Harvard,
and students, Professor Swain, previous to his go-
ning to Washington, as an instructor here in the Institute, and so is capable
of telling to Tech men on familiar
records. Another Prominent speaker is invited is H. Van Benzen, Magnoli-
and the Smalling Architectural firm in the city of New York.

FROM GOES TO CREW.

Final Report Most Gratifying to Committee.

In making their final report the
Committee had the opportunity to
thank the men generally.

The members have been wholly met from the proceeds and a good surplus
of money. Another man that has been
very much interested in the work is
Robert H. Taylor, who has been
asked to be present. The
field events have not been as good
as the running lines. One man
followed by Hall, is jumping well up the
power pole. MacLeod and Alt are covering
good distance in the broad jump, and
Greenland and Magen are vaulting
the best in the two miles.
