THE TECH, BOSTON, MASS., MAY 10, 1912

FIRST MEETING OF MINING SOCIETY

Professor Richards to Address Miners in Union Next Wednesday.

The Mining Engineering Society will hold its first meeting of the year in the Union at 8 o'clock, Wednesday, May 16. Professor Henry H. Richards, in charge of Course III, and honorary president of the society, has been secured as the speaker for the evening, and his address will be served. Officers for the coming year will be elected, and those serving at the present term will all be present Wednesday evening. Professor Richards has not yet announced his subject, but it will undoubtedly be very interesting, as his former ones have been.

Professor Richards has been teaching in the Institute since 1869, when he was made instructor in chemistry, physics, and qualitative analysis. He was awarded the title of Professor of Mining Engineering and Metallurgy in 1884. He has also been prominent in the professional work done outside of Technology, having been president of the American Institute of Mining Engineers, and is now an honorary member of that association and of the Mining, Metallurgical and Chemical Society of South Africa.

WIRELESS MEN TO MEET.

Officers for Coming Year to Be Elected This Afternoon.

Tomorrow afternoon the Wireless Society will hold its first meeting of the year in Hill B. The officers of the society want everyone to attend, as there are some very interesting results that have been secured. Wednesday evening. Professor Richards will address the society that evening.

Two nominations have been made for each position, except the Program Committee, for which three nominations have been made. The ballots will be held. Instead of the usual speaker there will be an informal talk upon the report of the delegates to the meeting at Young's Hotel yesterday. The matter of the relation of the case to one recently proposed legislation will be brought up, so that the speech may express an opinion to the legislative committee and through that committee to England Wireless Society.

GEORGE RICHARDS.

The Chemical Society nominations have been made and are to be voted on before next Tuesday noon. The elections will probably be announced at the society dinner that evening.
