BUSINESS LAW EXAMS HELD NEXT MONDAY

Copies of Previous Examinations Will Be Made Available Without Charge.

The examination in Business Law will be held next Monday. Men taking this subject may be interested in the following questions from old exam papers which indicate a general way what is to be expected.

May, 1907.

1. Draw a partnership agreement, briefly covering the points mentioned in lectures.

2. (a) Define a contract. (b) Define consideration.

The Town of A, at a town meeting duly assembled, voted to pay bounties to those citizens of the town who had enlisted in the U. S. Army. A few citizens objected. Shall the bounties be paid? If any action of the Legislature may affect the question, state what action is likely to result.

And Vice-President, C. Y. Chow, '14; Secretary-Treasurer, R. E. Taylor, '14. The chairman of committees will be elected at the beginning of the next year.

The annual business meeting and election of officers of the Cosmopolitans Club took place yesterday afternoon in the Union. The 10 men elected were: President, L. H. Lehmaier, '13; First Vice-President, N. S. Stilb, '13; Second Vice-President, E. Y. Choy, '14; Secretary-Treasurer, R. E. Taylor, '14. The chairman of committees will be elected at the beginning of the next year.

First Vice-President Stilb suggested that the Club carry out a program similar to that of the 'C. A. in helping the Freshmen in the intricacies of registration. According to his plan the President will send out forms to every member of the Club early in September, asking them to fill them in.

The general affairs of the Club were discussed. The committee for the coming year were considered. The secretary's report contained various accomplishments of the club, which will be incorporated in next year's report to the students. A meeting of the Club came out of a successful season with a fair surplus.

TECH BOARD HOLDS BIG ANNUAL BANQUET

Institute Newspaper Men Listen to Words of Advice and Encouragement.

Volume Thirty-One of THE TECH drew a mighty breath last night and expressed in a burst of glory. Twenty copies of Previous Examinations Institute Newspaper Men Listen to Words of Advice and Encouragement.

STANDING: WHITMAN, LEMHAIER, CARY, PAETENIE, WATT, SITTING: CHANDLER, HALL, TARR, GIBSON.

Mr. Marcy and Mr. Sears of the advisory board, Chandler, Cary, Leth- mier, Gibson, Watt and Van Voorhis of this year's managing board gave short talk upon the work of the coming year.

Keeler, editor of the Daily Collegian, introduced Professor Bates, who spoke of the need of keeping one's eyes open, of finding information on one's own and of investigating issues of interest. He suggested that Further ability to observe, and to make one's observations of value, the men jot down during the summer outlines of such material as may be of value next year for editorial purposes.

The toast-master then announced the following elections for Volume Thirty-

Summer School Laboratory.

Mechanical Laboratories to Open Wednesday, June 5.

Courses corresponding to those of the regular work in Woodworking and Pattern Making, Chippings and Piling (Vise and Punch work), will be given at the Mechanical Laboratories, Gar-

Fifteen track men left at 8:30 this morning for Springfield in fine shape to give them their first place. The weight men of the New Hampshire college will probably win the meet for them, as they have the best men in New England. Their distance men will further help their chances.

Although Tech will be handicapped by the lack of weight men, Coach Kasten has developed men in the running events, who will give the fastest runners in New England a hard race for first places. Coach Wilson, '14, will be keenly felt, but H. S. Willman, '14, can be depended on to make a good showing of 88 yards and 230 yards.

T. H. Guething, '14, looks to be the fastest quarter-miler ever entered, and is expected to have an easy time in the event. Only Steinhert of Dartmouth. R. C. Thomson, '14, and H. B. Hough of the high jump, where Captain McCalla and Kasten, could be men in one of the first places. Metcalf and MacLeod may gather some of the points in the other events.

The following men were taken: P. W. Dalrymples, '14; R. Teeson, '15; H. S. Willman, '14; E. T. Marcon, '13; W. Bylund, '14; E. Germain, '14; A. H. Curtis, '15; F. E. Perry, '14; T. H. Guething, '14; R. N. MacLeod, '14; A. P. Nye, '14; W. H. Hines, '14; L. Metcalf, '13; L. B. Hall, '14; G. C. Shepard, '14, had been showing his old time form in the two-mile, and looks good for a place in the two-mile race, in which he took second last year.

Tech will not get many points in the field events, as some of the men have been gathering in a single meet in many events. Coach McCalla and MacLeod may gather some of the points in the other events.

At quarter of eight tonight the Institute team will be given by a squad from each com-

This last two companies, B and C under the command of Captain Pas-

will then follow the time-honored Prize Drill at the South Armory.

The personal Addresses of the Freshman members will be read to the members of Company A through the manual.

He will be followed by Company C under the command of Captain Kasten.

The individual drill will then follow, with the assistance of the Prin-

The last two companies, B and C, under the command of Captains McCalla and Keeler, will close the drill.

It is probable that the Freshman will then follow the time-honored Steakman, gloves and colt, or Rogers' Steps.是个 callable.
