most part, are essentially polite in their dealings with the Staff around the Institute. Should not the Staff reciprocate
in the same manner so that Institute Etiquette may be maintained? I don't really know. It is extremely disturbing to be
met with rudeness when one's requests are logically based and politely made, and it is to be hoped that the
department that takes this expression of candid resentment to heart and see that there be no further cause for complaint.

THE CHEMICAL SUPPLY ROOM.
The management of the store room in Walker Building has been the subject of just criticism by the student body that it should
soon make to the fact that civility and good nature are necessary for harmonious relations are to exist be-
 tween it and the students. We are proud to be able to say that Technology men, for the most part, are essentially polite in their dealings
with the Staff around the Institute. Should not the Staff reciprocate in the same manner so that Institute Etiquette may be
maintained? I don't really know. It is extremely disturbing to be met with rudeness when one's requests are logically based and

DEMOCRACY.
The Union dining room opened yesterday in all its renovated glory. We are proud to say that we now have
ruined by the student body. Several complaints were made about the inefficient waiting methods, but we
must bear in mind that this is the beginning of the school year, and that the men are not yet fully
complacent with the efficiency of our dining room patrons. Directly
thing begins to settle down we are sure that the waiting will be all that can be desired.

It may not be generally known among the student body that Institute men are acting as waiters in the
Union, and are paying their expenses with the money so earned. Last year $1,200 was paid out to the men
for the next few weeks, and I) In the Mining Department. Have you heard X. J. latest scheme?

RETROSPECTION.
Probably not many men at Tech
