SOPHOMORE FOOTBALL

PRACTICE HAS BEGUN

Eight of Last Year's Team Out
For Work at Oval Last Night.

Only eight men showed up for B.U. football practice last night at the Oval and Captain Scully wants all the men who have reported to Manager Frye to come out for work tomorrow afternoon at 4 (10:00, as soon as after that time as they can. The following men reported at the Union on Wednesday:

Scully, Morse, Horriss, O'Brien, Kelly.
McDevitt, Noyes, Amsden, R. Smith.
Platt, Orr, Waterman, Freer, Hoadley,
Fund and Potts.

Two new men, Pumion and Whitting, reported at the Oval yesterday. If all these men will show up every day for practice the chances are that the Sophs will again come away with the "pennant."

The work last night consisted of running and catching punts and a short signal practice. Morse, who played halfback last year's team, is being tried out as a punter, and Noyes, substitute tackle on last year's squad, is also being used in this line. Irvin was working at the full center for center, with Scully running the guard at quarterback. Manager Frye has secured the services of Tom Murray, an old English High man, as coach. A practice scrimmage will probably take place with Cambridge Latin School next Wednesday, to give the team its first tryout so the coach can get a line on the work of the new. The manager is at work on a schedule of games with the neighboring high schools.

Nine members of last year's team have reported so far, and if more will turn out this squad will be certain to work out a good team. O'Brien, the man who won the game last year again at his old position and will materially strengthen the back field by his sturdy, aggressive playing. Horriss will probably take care of one of the end positions, while Irvin is out for the other. McDevitt will be a valuable man in the back field, and Morse is to be tried out in one of the back positions as he is being developed as a punter.

T. C. A. RECEPTION.

New Men to Be Entertained in
Union Tonight at 8:00.

Tonight at 8 P. M., in the Union, the annual reception to the Freshman class by the upper classes will be held under the auspices of the Tech- nology Christian Association. A delightful program has been arranged, including a number of representative speakers and the coming from last year's Musical Clubs.

The object of the meeting is twofold. First, to acquaint the new men with the traditions and customs of the Institution, to give them an idea of the various activities here and to make them feel at home and not lost in this great school. Secondly, and most important, is the idea of getting the new men to mix with the upper classmen and not segregate and keep it to themselves.

FRESHMAN RUNNERS.

Many Freshmen this year have been asked whether they are eligible for any of the track and cross-country teams. If answer to this query the track captain and coach de- cide it said that all Freshmen are eligible to both squads at candidates. Track practices are being held both on the field. To get to the field take the first line of the village car and get off at Pond avenue, and walk a few minutes up the avenue.

Technology Men will make no mistake in depending upon this Great Store for the Newest and Best Ideas in

Clothing, Hats, Shirts, Haberdashery, Shoes, Hosiery

and in fact everything - that has a place in the College man's wardrobe.

All Men's Goods are in "par" and "more "sections" separate from other parts of the store and having direct "entrances" from Avenue and Summer Street.

THE SMOOTHEST TOBACCO

Tobacco

A REAL timber-topper this Velvet! It has hung from the timbers of the warehouse for over two years. This is to get rid of the leaf hardness—only time and patience can satisfactorily turn the "bite" in tobacco. Velvet is the smoothest—flavor delightfully good— superbly mellow. Something when you are at the dealer's ask for "Velvet" and take a chance. It's only by comparison that Velvet is the smoothest.
