PRESIDENT MURLIN TO SPEAK IN UNION

Address by Boston University

Head on "Living One's Own Life."

This afternoon, in the Union, at 1:30 P. M., the Christian Association

will hold for the first time of its regular Thursday meetings. The principal speaker

will be President Murlin, of Boston University, who also addressed the

Association last year. His subject will be "Living One's Own Life."

President Murlin is a comparatively young man, who was chosen about
twelve years ago as the head of Boston University, after having achieved an
career of distinction both in the educational field. Before coming to

Boston he was president of Elder University in Kansas, and under his

leadership the University of Boston has shown marked developments in all
branches. President Murlin is a person who is in demand everywhere,
and the Association deserves much credit for having secured him to address its first meeting.

TRACK MEET OFF.

Postponed From Columbus Day

-Cross-Country Men Out.

The weekly track meet scheduled for Saturday has been called off, owing to

the fact that so many of the fellows will be out of town. There will not

make any change in the awarding of the medal for the largest number of

points scored, as the totals will be carried over to next week's meet.

Several members of the cross-country team went over the Tech

motor course yesterday afternoon, and considering the weather, the time

made was fairly good. N. C. Finney finished first, but was given a hard race by C.

T. Gwinnett, who promises to be a strong addition to the team. The

cross country team will not be allowed to work out.

MR. CARB TALKS.

(Continued from Page 1, Col. 1)

more than the things they can see at any regular musical comedy. He especially urged a departure from

the methods of previous years, and an effort to produce something new and distinctive by making it more in-

clusion.

Mr. Carb suggested that all prospective contestants go together in a musical comedy, then criticize and dis-

segregate which parts would, and which would not, go well in a Tech Show. The plan was very favor-

ably received, and will probably be carried out.

TEENII\N MEETING.

Candidates for the Tennis Club will meet Friday, in Rogers 21, at 1 P. M. There will be election of officers and information regarding officers and the tennis na-

ments will be given out. All Fresh-

men who play tennis are especially in-

vited to be present.

Will the collection of the fee bring a great burden to bear on the treasur-

ers? We do not think that the collect-

ion of the money would be a diffi-

culty for the Bursar to settle, and a

person is noted for the trouble and

difficulty in the students, and the man-

ager could result. The decision of the

admission is left to the individual, and

is not a matter of time, if athletics, for ex-

ample, is to stay a student after a certain

F. M. T. I.

rules.
