C. E. SOCIETY ENJOYS SMOKER

Reminiscences of Incidents at Camp Last Summer Are Recalled.

Last Friday night the Civil Engineering Society held a most enjoyable smoker in the Union, at which the sixty or more men present listened to several highly interesting accounts of the work carried on at the summer camp in Maine last summer. The society is indebted for the enjoyable entertainment to Professors Morse, Dalton, and to our Dean, Burton, and an outside band could hardly have been selected.

Professor Sudcroft gave a description of the work in detail, and illustrated his statement with many excellent views of the camp and vicinity. He also told how the equipment originated years ago, when Boston was then providing itself with a permanent summer camp. The period closed with a song of Science.

A touchdown was scored each period and in the third O'Brien kicked the goal. The Sophomores' line scored a victory in their first game of the fall and with the individual shooting. Last summer's team gone, and with the marksman.

TECHNIQUE MEETINGS

Active work on Technique, 1914, has commenced.

The first meeting of the year was held on Thursday, October 16, 1912, and it has been arranged to have similar meetings every Thursday afternoon in the Technique office. The editors of the respective departments have already commenced their work, and in the space of a few days definite announcements of the plans will be announced in THE TECH.

A Cosmopolitan Club has been organized at the University of California.

Sophomores Defeat Boston V. M. C. A.

Scully and O'Brien Stars of the Game, Enable Helseth to Score Points.

Saturday morning the Sophomores scored a victory in their first game of the season over the Boston V. M. C. A. school's eleven by the margin of 26 to 6. The game was a fast one in spite of bad football weather. The Sophomores carried everything their own way during the entire game, giving the ball to the opponents only three or four times, and one fumble. The boys made first down once in the game, and that in the first period. They were scored on after another, and Scully and O'Brien carried the ball back to the five yard line in a series of long runs, one of O'Brien's being a third yard gain. Helseth was then passed and cut for a touchdown. The period closed with a score of 20 to 6.

Preparations for Tennis Tournament

Large Number of Men Present at First Gathering of Club—Officers Elected.

About forty-five men, interested in tennis, met in Ziegler last Friday, attended a meeting of the Tennis Club. The election of officers took place and arrangements were made for the annual (fall) tournament. Twenty-five of these men present identified their intention of entering the tournament and handed in their names to the president of the club.

The following men were unanimously elected to the different offices: J. M. Boals, 1913, president; H. W. Roy, 1915, vice-president; W. D. Blakes, 1912, secretary-treasurer. The object of the fall tournament is to get a line on the men of the sport so that a team can be picked in the early spring.

The following men have already commenced their work and will be against the United States Naval Academy team.
