THE TECH SHOW NEEDS PUBLICITY MAN

Position of Assistant in Publicity Department Open to Freshmen.

A competition for Assistant Manager in the Publicity Department of the Tech Show will commence on Wednesday next, October 16, at 1 P.M. Publicity Manager Whitwell will meet the candidates in the Show office, Room II, in the Union, at that time.

The competition is open to all men in the Freshman Class, and it is hoped that a number of men of this year will meet the candidates in the Show office, Room II, in the Union, at that time.

The competition will be administered by the advertising of the Show, writing articles for the papers, taking charge of the advertising of the Show, and keeping the proper departments supplied with the necessary information.

The candidates should be able to present a clear, concise, and attractive idea of the enormity of the task that must be accomplished in this year's contest, and of becoming General Manager of the society.

It is absolutely necessary that everyone who wishes to compete in the competition should do so on Wednesday, as the competition will commence immediately and will probably end in a few weeks.

Send a postal to circulation manager and the service is yours. All men on these streets who have bought subscription cards can have this service by turning to us with name and address.

ELECTRO-CHEMISTS MEET

The question of holding the meeting of the Electro-Chemical Society in Walker instead of in the Union has not been definitely decided. UNIFORM MINUTE BOOKS.

The Institute Committee has taken action, through one of its committees, on the importance of having uniform minute books for the various Institute organizations and companies. This is a matter which has required attention for some years, and it is hoped that the meeting will all the secretaries, which takes place tomorrow afternoon, will result in a system that will enable the uniform organization which has been so successful.

'CHEMICAL SOCIETY.

(Continued from Page 1, Col. 2)
who cannot possibly attend this meeting should plan a series of lectures which may be held in the afternoon in one of the lecture rooms of Walker Building.

LECTO-CHEMISTS MEET.
