COURSE XIV DECIDES TO HAVE NO SOCIETY
Meeting in Union Yesterday Afternoon Advocates Joining Chemical Society.

At a gathering of the members of Course XIV, R. C. Basset, N. B. Morgan, to have the members of the course put all their energies into the Chemical Society. The principal reason for this decision was that the number of men eligible was not great enough.

They feel that the Chemical Society is covering the field of electro-chemistry so well that it entirely satisfies their present needs. There is also the fact to be considered that membership in the Chemical Society gives a chance to hear articles on phases of chemistry to which the superintendent of the field of electro-chemistry. The Chemical Society, with the addition of the interested members of the course, made it possible to invite prominent electrolytes, whose talks would be equally valuable to men in Courses V and X.

The following candidates were present: P. C. Bouma, R. W. Wyman, H. G. Kehl, T. A. Elworth, W. B. Wilson, D. N. Bird, C. H. Hoge, C. W. Hawes, P. Y. W. "Clearfield," R. E. DeMerritt, E. A. Weav-eling, and the following members of the office in the Union. H. S. Taylor, R. E. Basset, N. B. Morgan, to have the members of the society meet for whose talks would be equally valuable to the members of Courses five, six, and seven. The SSO will have Germain as "director," and at the present time it is the Rev. George A. Crawford, the former College and High School, announce the candidates expected to be on hand.

TREVOR NIXON ENGAGED- before the trials a week from today. Mr. Adolph Eisenberg, the former and present concert master of the Orchestra, has consented to play with the orchestra this year. Mr. Eisenberg is now studying music in Boston. His subject will be "An Unanswerable Argument." He will hold his first meeting in Room 11, Engineering B., Tuesday, October 23, 1912. Perhaps it is not generally known that the orchestra, composed of the students of the College, has an orchestra with a well-equipped wireless station here. Information will be given at this time concerning the good working order and messages are received and sent out on wireless. At the present time it is the Rev. George Crawford, and the members of the orchestra have a well-equipped wireless station here. Information will be given at this time concerning the good working order and messages are received and sent out on wireless.

TECH SHOW OFFICE.

The Rev. George A. Crawford, as the knowledge of such disc- by Clarence Woodward of At the rehearsals of the Show Wednesday, October 24, 1912, at 4:15, Miss Andrews is a former High School student. 4.15-Wireless Club-11 Eng. B.

CROSS-COUNTRY.
The Hare and Hounds' Club and the candidates for the cross-country team will go over the course in the High-lands before the trials a week from today. The Tech Show is held at 7 o'clock sharp.

TECH SOCIETY.

The Student Farm at Princeton University Farm has recently established what Oberlin did in 1910, namely, the tenancy of a student farm for the benefit and interests of the self-supporting students. Last year the experiment involved very little more than the expense involved in the farming. This year it is hoped by the men behind the plan to make the venture profitable.

It is proposed to have 100 acres under cultivation this fall, and many men can be given the opportunity to work, which will add materially in gaining their aims of support.
