The T. C. A. announces that it is now ready to place men who promised at Spring to act as "big brothers" to boys who have been in probation at the Juvenile Court. This work has not been started before owing to the fact that the chairman of the committee, Ellis W. Hartford, was obliged to stay out of school this year on account of sickness. Now, however, a new chairman has been appointed, L. E. Best, '15, at once arranged for arrangements with Judge Fisher or Judge Leveroni, so that they may take in charge of some boys. These men will be put to work as fast as they accept.

The Boston Juvenile Court will once more have men in this work. The twelve were secured last Spring, and unless they back out now no more men are needed at this place. However, a few more men may be asked for work in connection with the Roxbury Court, and others at the Boston Newsboys' Club. Any men who have not been asked to help and who are interested are urged to speak to the T. C. A. secretary or boys will be found for as many as possible. This is a most interesting line of work, and requires less time than most forms of social service. It is believed that many Tech men will wish to avail themselves of this opportunity to help some one else.

Three more men are still needed to take charge of boys' clubs at the Italian center in the North End. Four or five more men are needed to report to Garrison Hall at 1 o'clock Saturday morning for six weeks beginning November 9. A light luncheon will be served, after which the men will have charge of boys' club meetings, followed by swimming contests or checker tournaments. The work will begin over 2 o'clock, leaving nearly the whole afternoon free.
