LINEUP.

1915 Football.

Of the three contests this afternoon, the football game will assume the greatest interest among the spectators, as it will decide the gridiron supremacy of the two classes and will probably prove the most hotly-contested event of the day. Both teams are trained for the fray and await the referee’s whistle. In past years the Sophomores have won one more game than the Freshmen and go into the game today slightly the favorite.

The Sophomores have an old expen- perimental backfield that is heavier than the Freshmen’s while the latter, taken as a whole, is faster. The Freshmen line is a little heavier than the Sophomores, but gets into the scrimmage quicker. In the comparison of games played this reason the two teams are about equal.

The second-year team has won three out of four games played and the
