FOOTBALL TEAMS.
(Continued from Page 1.)

The Freshmen have played some of the best high and preparatory school teams in this vicinity, and have come off with a win. They beat Newton High after a hard-fought battle by a score of 5 to 0, their victory blocked out by Murphy, the little quarterback, at a crucial moment in the game. They defeated Rock Ridge easily by a score of 24 to 0, never in danger of being scored on themselves while they approached their opponents goal at will. After having three days of practice they took on the Somerville High and were beaten by a score of 13 to 12. Although it is hardly fair to compare times, especially Baker, tai of the team, he has developed into a sprinter. Thomas has made quite a record as a hurdler in some of the track meets held last year, and is expected to make fast times, especially Baker.

FRESHMAN FOOTBALL TEAM.

In spite of the fact that the Freshmen have not received the support from the class it has made a splendid showing. The playing of the team is characteristic only of an eleven which is in the best of condition.

In the line, Boynton at center will prove strong in the interference. He has played this position two years with the team, and his accurate passing of the ball will be of great help to the backs. Murphy and Quick, who will start the game in the guard position, will provide an effective barrier against line bucking. Murphy is an old man and Quick a Huddie Arrot, who played the first time on the team. The men for tackles will be Proctor and Helseth. Morekins is a sure tackler and a strong, aggressive player. Crowell, a gainer on last year's squad, will be a strong help for the interference and about to stop the backs. Murphy and Quirk, who played this position last year, can get down the field rapidly, drive the ball, and is at home in any department of plunging tactics. Warren is a tower of strength at center, his two hundred pounds of brawn forming a most effective snag for the line bucking. The end positions will prove dangerous to the opponents.

RELAY TEAMS.
(Continued from Page 1, Col. 1.)

The team is out to beat the record of the Sophomores. They seem to be better in passing than the other team, and this is an all-important factor in winning. The men themselves, perhaps, are not so fast, man for man, as the Sophomores, but they can put on a better passing to win.

The team is strengthened by three men who have had former experience in track. W. Adams, K. Dean, and A. C. Lieber have all run on this year's track teams in this vicinity. Adams ran for three years on the Newton High School track team, and last year was captain of the team. He won the hundred-yard dash in 19.55 seconds in the Y. M. C. A. Championships two years ago. Lieber was a member of the Newton track team last year and ran in the Freshman, Jr. High, and Sr. High Relays. He is a good runner and will add strength to the team.

SOPHOMORE RELAY TEAM.

The last days of practice have been entirely devoted to starts and flag running, with occasional sprints around the track. Though lacking in experience the Freshman Relay Team, the Sophomore Relay Team, and the Mechanics' Relay Team, have been chosen, fast, efficient in passing, and should hold their own.
