MANY MEN OUT FOR WRESTLING SQUAD.

Strong Team Expected From Present Outlook — Number of Good Men Out.

The wrestling squad has started work regularly for the season, and from the present outlook a championship team is assured. About forty old men are out, including all of last year's team but Belch. The team has secured a coach for the new men who are being added, and a class of about fifty freshmen who are being held every Wednesday afternoon from 4 to 5 o'clock in the Gym. This year the Advisory Council has allowed wrestling to be substituted for Gym, the same as track work.

There are a number of men out for the squad who have done fine work elsewhere and who will materially aid the team. George Kelby, a graduate of the University of Oregon, was on the team there and proved a tower of strength in the 195-pound class. Seyer, a freshman, will fill a vacancy in the 115-pound men. Most of this weight were lacking last year. Coach Willmore has a good man this class and keep it from being the weakest class on the squad. This year Cornell is on track work with the handicaps and weights and promises to make a better showing than he did last year. Knottinger is another man who is getting into some hard work and he can also add a lot of punishment to the squad. Other work is not getting so much attention given to honing razors.
