CROSS-COUNTRY TEAM WILL RUN SATURDAY

Advisory Board to Let Men Make Trip to Ithaca This Part in Big Race

Late yesterday afternoon the Advisory Council on athletics reversed its decision in sending the cross-country team to Ithaca for the I. C. A. A. race next Saturday, and it has now been definitely decided that the team will go.

It was doubtful at first as to whether the trip would be made, owing to the present state of the finances of the track team. The question was raised as to whether the team was not being run by the Advisory Council for profit instead of support, but the financial question caused the trip to be canceled.

The men are in splendid condition for the six-mile trip, and will turn it up at the start in such a fashion as to put up a good fight. The practice runs are being made long and hard this week in order to prepare the men for the longer distance.

The team leaves the Back Bay Station at 4 o'clock in the morning. It is hoped that a loyal crowd of followers will be there to see the men off. The exact time of their departure will be announced in this Tech In a couple of days. Some of the party will make the trip, the following men will make the trip: Cornwell, Nye, Palmer, Holmey, Williams, Hill, Lee and Wall. The first five men will head its decision on sending the cross-country team to Ithaca for the I. C. A. A. race next Saturday, and it has now been definitely decided that the team will go.
