ATHLETIC ASSOCIATION

Holds Busy Meeting

White is Elected Manager of Track Team—Numerals Are Awarded.

A great deal of business interesting to the students was transacted at the meeting of the Athletic Association which was held in the Union at 4:30 yesterday afternoon.

The first action taken was the awarding of numerals to the participants in the Field Day games. A list of the members of both Freshman and Sophomore track teams, the winning tug-of-war team, and the winning relay team were awarded class numerals.

A recommendation was then made to the Advisory Council on Athletics that C. B. Clarrin, 1916, be awarded a T. This is according to the present ruling of the Advisory Council that anyone member of the cross-country team winning eighth place or better in an N. E. I. C. A. A. meet shall be given the letter. In connection with this letter, from Captains Nye of the cross-country team was read, in which Mr. Nye stated that all men winning eighth place or better in an N. E. I. C. A. A. meet should be awarded a T. After a very spirited discussion by some present, it was decided to recommend that the Advisory Council award the T's to those finishing fourteenth or better in each meet. To conform with this it was also recommended that the Advisory Council allow the team to have their dinner in the Palmer because of their position in the standings last fall.

In the election of members from the Association to the Advisory Council, L. C. Linsley, 1913, and Tr. Biselton, 1915, were selected.

A recommendation was then made to the Advisory Council on Athletics that A. T. Gibson, 1913, be appointed the General Manager of the athletic activities. This was accepted.

COMMUNICATION.

To the Editor-In-Chief of THE TECH:

Dear Sir—During the past year the Institute has been on many occasions closely in contact with the Chemical Supply Room in Walker building, and so when your editorial of some weeks since appeared, I could but be struck by the discouragement and general truth contained therein. The chemical supplies that have been applied to the solution of the Chemical Supply problem, and that with the student body the function of Institute comes, and that with the undergraduates as to whether their lot is better or worse. As much preliminary investigation and investigation I have arrived at the conclusion that the excellent manner in which the Physical Chemistry and Industrial supply room is managed should be a good model for the Walker building supply room. Furthermore, it seems to me that if Mr. A. C. Nickels were placed in charge of chemical supplies at the Institute, not only would the methods he im- prove, but the Institute and students would be interested in expense and further. Mr. Nickels is an Institute graduate of the class of 1913 and has been connected with the Department of Physical Chemistry ever since. Treating that you will be able to spare my suggestions some space in your column.

Yours truly,

[Name]

An Interested Chemist.

A new organization of the University of Minnesota, known as the University Senate, was organized recently. Members from colleges in the university will have charge of the various student sections in the university, and these students will be able to pass their views to the president of the university.

Another Year Ahead of Him

Another year ahead of him May it be a happy, healthy year always may he! Our best wishes for a most enjoyable year.

With such packages of Fortune you get a personal sign, a good fortune, and a special number of the Universal and Foreign Opinion (113x113) — volume of 113.

DISTINCTLY INDIVIDUAL

YOUR OFFICE IS CONVENIENT FOR YOU.

THE OLIVER TYPEWRITER CO.

YOUR EQUIPMENT FOR THE YEAR IS NOT COMPLETE UNLESS IT INCLUDES THE OLIVER TYPEWRITER, MODEL NUMBER FIVE.

Regardless of the work you may take up after you leave Technology, the Oliver Typerwriter will be a necessity. Why not take advantage of the opportunity to get THE OLIVER while you are studying? It is cheaper to do your own typewriting than to hire a stenographer.

You can rent THE NUMBER FIVE OLIVER MODEL at the rate of $5.00 per month when you have paid twenty consecutive months rental. THE OLIVER will be presented to you without further expense.

Call at 146 CONGRESS ST. or Telephone Main 192 or 193

BETTER STILL. Make a date with the Oliver Man in the Tech Office any time that is convenient for you.
