FOUNDER'S DAY DINNER IS ALL-UNDERGRADUATE

To Be Held in Union December 7

—All Students to Meet in Annual Joy-Cafeteria

The All-Technology or Founder's Day dinner will be held in the Union Saturday evening, December 7, at 8 P.M. It comes on the anniversay of the birth of the founder of the Institute, President Roger, and passes slowly in line with his own deep desire for a general utilization of the student body in all its activities, thereby tending to a more efficient working knowledge of the professional and social work. Many extensive preparations have been made for this dinner, and Mr. Hurley, '14, who is the chairman of the committee in charge of this dinner, claims that all that is possible is being done to make this one of the nicest events of the year. Deviating from the professional dinner, none of the faculty will speak. It will be strictly of, by, and for the undergraduates.

All the managers of all the organizations or activities in the Institute will give talks about their department, their work, and their prospects for the coming year. The Tech show, the publications, including THE TECH and The Technique, and the spring athletics will be among the subjects discussed. The committee has arranged for an orchestra to play in the jollification.

The main purpose of the dinner is to unite the various activities together in genuine fellow and to give the undergraduates an understanding of the work in the various activities, and also for a general good time, where comradeship and good fellowship will result and hold the institution.

The tickets will be sold today and may be obtained in the Union or from the committee. A part of the proceeds will go towards the birth of the founder of the Institute.

The price of the ticket is seventy-five cents.
