LANDSCAPED RACE WON BY HILL, WILKINS, N.S.

FIRST TIME PRIZE WON BY BENSON—FEW ENTRIES—FRESHMEN—LOSE COURSE.

Although there was a scarcity of entries for the annual Fall handicap race meeting, which was held Saturday afternoon over the Wakefield course, it was very good racing, well-contested and interesting. The race was won by Captain Nye, who finished the course in 42:48, was the victor, and Allen, '16, was about 100 yards behind him, and finished in 42:31. Several of the men lost the use of their shoes, but it was brought to the canteen that no time was taken off their times, and none making the best actual time in the race. All the men were in good condition, in the Wakefield race. Some of these men, however, had a handicap and time was lost. The first prize was won by H. S. Benson, '16, in 41:51, with Loveld, handicap, 4 min., 2nd, in 41:29; the 3rd prize was won by J. H. 42:31; the 4th prize was won by J. H. 42:31; the 4th prize was won by

AMERICA LEADS WORLD.

Since 1905, when the United States supplied Great Britain, this country has supplied first place among the copper producing countries of the world. In 1911 the total world's production of copper amounted to approximately 1,300,000; in 1911 the United States produced 350,000 of the total, and in 1912 the production of the United States has increased nearly 10 per cent, while Great Britain has increased its output about 25 per cent... from $4,500,000,000 to $5,500,000,000. The United States in 1911 produced over 50 per cent of the world's copper. Great Britain's production of coal and lignite was 218,777,000 short tons; in 1911 it was 218,777,673 short tons, an increase of over 7 per cent.
