SHOW ORCHESTRA GREATLY IMPROVED
Will Play at Winter Concert and Tech Show in Place of Hired Orchestra.

Arrangements are now completed whereby the Tech Show Orchestra will play at the Winter Concert on next Friday evening, December 6th.
The Orchestra, under the management of Tech Show, has made rapid progress until they have reached a state of perfection never before realized by an institute student orchestra.
It consists of 6 violins, 1 trombone, 2 clarinets, 6 cellos, 1 viola, 1 flute, 1 cornet and a piano. The Orchestra has been placed at several social affairs and has always been a tremendous success.
It is the intention of the Show to use this Orchestra at all of its performances, instead of hiring a professional orchestra, and it is felt that the same balance should exist between self-development and self-expression, both good things but the right balance between play and work, both good things but the right balance between the subject that is of importance.

HOCKEY PRACTICE.

Hockey practice on Thursday brought about good results, and the weak points which were shown in Wednesday's game with the Pilgrim Again corrected. Manager Hur- 

The same subjects were discussed, and the committee were absent out of a total committee consists of H. D. Peck, chairman, G. W. Inlett and R. D. Dunn.

The matter of uniform receipt books was discussed, and it was suggested that copies be made of the receipts and published in the Union. This will be an important meeting in the Union last Saturday.

The Finance Committee held a very important meeting in the Union last Saturday. Two members held the report of Tech Show, 1912. It was moved and the management of Tech Show, 1913, was asked to consider with the Advisory Council of the Show and report at the next meeting of the Finance Com- mittee. The report of Tech Show, 1912, was employed in regard to the open accounts of Tech Show, 1912.

Then the reports of the various activities were read, and it was suggested that the reports be made public through THE TECH.

INSTITUTE COMMITTEE.

There will be a meeting of the Institute Committee today in Room 3, Engineering, the meeting is called on account of the Winter Concert, and all members are cordially invited.

The meeting will be adjourned promptly at 5 P.M.
