The Tech team, is in town on a vacation. hockey team, and one of the best puck Tech man of the Class of 1880, will be planning to attend should notify Mi'. the members who have arranged for men of the orderi will be present, and the Union. It is hoped that all the Masons of the Institute will meet in theA. A. A. GANZA.

Many Freshmen and New Men the Winners—Races All Very Close.

The first of a series of weekly indoor athletic meets was held on Saturday in the Gym, and proved to be a great success. There was an unusually large number of entrants, and the feature of the meet was the success of the meet. The first event was run off shortly after 3 o'clock, and Coach Katsuya ran the remaining events so promptly that the meet when finished was before 5 o'clock.

Many of the T men were entered, and the track was somewhat congested, thus giving new man an excellent chance. The T races were all close and several Freshmen were among the winners. In the longer runs the outcome was very gratifying, as the showing of the new men promised. The菔o and Johnson, from the dormitory, are a strong two-mile team.

The last event was the thirty-yard dash, which was run in heats, the first two in each best qualifying for the semi-finals. All the a semi-finals were extremely close, and it was difficult to pick the winners, even when several were in contention at the finish. The semi-finals and the final heats of the thirty-yard dash were won by Jack Harvey, who was still more tightly contested. Williams was the winner, close pressed by Smith and Holden.

The preliminary and final heats of the eighty-yard hurdle race were the next events, the finish being won easily by Huff. About twenty men were entered for the eighty-yard hurdle race, and consequently the track was somewhat congested. Harvey, 16, took the lead at the second lap and maintained a lead of about thirty yards until the tenth lap, when two others began to overtake him. Among these was Captain Nye, of the cross-town team, who was on scratch. With considerable difficulty he succeeded in fighting his way through the crowd and took the lead, and kept the backs from the finish, increasing it to thirty yards at fifteen minutes and White, 16, finished closely together, taking second and third places, respectively.

In the eighth lap run Hill and C. T. Comisky, finished closely followed by Dean, 16. At the beginning of the second lap the Hill and C. T. Comisky, drew away and soon was twenty yards in front. He held this lead, although grazing caught somewhat toward the finish. Dean was a close third.

O'Brien and Thomas darted ahead at the beginning of the four-chip race, and fought it out to the finish, the former winning by a slight margin. They were closely followed by Holt and Comisky, T. H. Guething, from scratch, finished fifth. In both the eight and four-chip races the first ten of entrants was so great that it became impossible to pass a man, several had falls being the result.

The results of the high jump were very gratifying. It was won by Meacham, 16, with a jump of 5 feet 8 inches. He cleared this height by several inches, and if he had tried could probably have done so (Continued on Page 4.)

L. H. Lehmann,

The big News of the week was the mystery of the foreign country, which was a mystery to these Americans with it. The mystery was particularly hard for us to understand because of the great distance between it and the United States and of the widely differing conditions in the two nations. In the same way this country is still much of a mystery to the Chinese, and they have much to learn about the progress of western civilization. He recalled the entertainments given last year when the flag of the new republic was unfurled, and emphasized the fact that the Republic is by this time firmly established and is recognized by the great majority of the people, although there are still some obstacles in the north which are loyal to the old dynasty. Mr. Chew said that it is a matter of pride, in learning about the new republic. He also emphasized that the five stripes of the new flag represented the five farms. (Continued on Page 2.)

Indoor Track Meet Very Successful.

Many Freshmen and New Men the Winners—Races All Very Close.

The large living room of the Union was filled to overflowing last Saturday, when the Cosmopolitan Club gave its annual Chinese Night. As the same implies, the entertainment was provided entirely by the Chinese members of the club and was distinctly characteristic of their country. A large number of men from the Harvard Cosmopolitan Club were present, with whom contributed parts of the program. The room was decorated with Chinese and American flags. President L. L. Lohman first gave a welcome address, in which he outlined the aims of the club. He then introduced Mr. Chew, by saying that, like the mysterious phrase, "Was ist los?"

Chinese Students Very Entertaining.

Large Number Attend Chinese Night—Harvard Club Well Represented.

The results are as follows: Smyth won his bout on a decision. Smyth defeated his opponent in fifteen minutes on a fall. A few differences in weights they did not start until about 8:30.

The strong Sophomore basketball fire, as expected, came out victorious in their game with Rockland High last Friday night by a score of 29 to 22. The game was fast throughout and was marked by a great deal of roughness, only a few fouls being called. The work of the forwards was noticeable, being responsible for the most of the scoring. Newman played a fine game at center, scoring six baskets in the first period and three in the night. They won.

Sophis Victorious

Defeat Rockland High by Score of 29 to 22.
