WRESTLING TEAM TO MEET SALEM Y. M. C. A.

Men in Excellent Condition—Events Likely to be Closely Contested.

On Thursday evening of this week the wrestling team is to have a match with Salem Y. M. C. A. team, considered one of the strongest teams in the section of the State. The men are all been showing up splendidly and are in excellent physical condition, so the meet is expected to be closely contested.

Sawyer, 106, an Andover man, is entered in the 112-pound class, and although this is his first here, he is expected to show up well, judging from what he has done in practice. Means, also a new man this year, is entered in the 164-pound class. He was scheduled for the East Weymouth meet, recently held, but was laid up at the time. J. K. Kelley, who won his match at East Weymouth, is entered in the same second class. Mr. Kelley is probably the best man on the team, as he has had considerable experience before coming here. Smythe-Martin, in the 145-pound class, probably meets his old opponent, Sullivan, who has been defeated last year in a closely contested match. It is also worthy of note that both hunks are expected to be put up well and are expected to show up well.

The team is scheduled for a meet with Marblehead on Saturday of this week. A meet was also expected with Brown University, but owing to the fact that all of the Brown men are beginners, the coach has decided not to allow them to go out until next year.

CORRECTION.

In the issue of THE TECH of January 14, the article reading "Political Economy will be given an adherence to International Law and Current Public Problems examinations omitted. The examinations in Political Economy will be given according to schedule.

TECHNIQUE BUSY.

Grinds, Drawings and Material Coming in Fast.

The Technique office is very busy these days, as there is an immense amount of material to be put into shape in the next few weeks. In that there may be changes in assignments or possible, the board requests that the Secretaries of all the Professional Societies, Clubs and Fraternal orders send in complete list of all members in good standing before the first week of January. This is the data that the Secretaries must be ready for the printer. These lists may be left either at the Technique office or at the Cage.

Many of the grind has been received during the last few days in response to the request which was published in THE TECH, but many more are desired. So that anyone who wishes to have his number to be chosen from, this department may be kept up to the standard of previous years.

OTHER COLLEGES.

The intercollegiate rifle meet will take place next week in New York. An unusually small number of candidates has held back freshman crews practice at Columbia.

The police were summoned at a dance attended by students of Wisconsin Universities to help enforce the ban on the "tobacco" and "tango."
