WRESTLING TEAM GOES AGAINST SALEM TONIGHT

Men Expect to Put Up Strong Flight Against Powerful Salem Y. M. C. A. Team.

Tonight the wrestling team goes to Salem to meet the strong Salem Y. M. C. A. team, which is considered one of the best teams in this part of the State. The team has been picked for first place in a day or two now, but it is not too late to make their prediction. The team that keeps him has won the recent East Weymouth game, and is probably the best man on the team, as he has had considerable previous experience, and has shown up well, especially at the last match, at East Weymouth. American Institute of Electrical Engineers, and it is still customary to have a president of the Institute present at one of the meetings each year. This position was held for several years by Professor Jackson, the head of our Electrical Department, who has just returned from his appointment, at the request of the British government, of the telephone system of England.

The society has more than kept pace with the growth of Course VII, and is now the second largest of the professional societies of the Institute. In addition to providing a social meeting ground for students and instructors, it supplements to a considerable extent the theoretical work of the class room with the practical experience of successful men of the profession.

The active membership in this society is limited to the classmen, with Sophomores as associate members, of Course VI, VIII and XIV. Several members of the Society are members of the American Institute of Electrical Engineers. The officers of the society at the beginning of this year were: President, Robert H. Woods, Jr.; Vice-President, P. C. Walsh; Secretary, C. J. McCarty; Treasurer, W. R. Read. President Woods has recently resigned, his place being taken by Vice-
