ANNUAL HOCKEY TRIP SUCCESSFUL FOR TECH
Win Games From Both Syracuse and West Point—Ace Bill

Although but eight men took the annual trip with the hockey team to meet the Wedneday to compete with other eastern colleges, the trip was very successful, for Tech won two out of the three games played.

On Wednesday they met Suarcuse, one of the fastest teams in the East, and swamped them with a score of 6-0. Tech put up a wonderful offensive game and completely bewilmed her opponents. It was only the phenomenal standing of Wilbur, the Syracuse guard, that kept the score from being even greater. The Tech Freshman, was the individual star of the game, scoring four of the eight goals. Mead opened two, and Skelton and Sturken got one each to their credit.

The next day Tech met the Army team, which had been defeated, 5-2. The playing was even in the first half, but in the second the second team commenced rough play. Ten minutes of the second half had elapsed when Hurlburt was knocked out and the game ended in a scoreless tie, which was expected. On Saturday Tech met the Army again, and defeated them to the score of 5-0. At no stage of the game did the Cadets have a chance to score to their credit.

For a complete report, see the Sports section.

ARCHITECTURAL TRIP WAS GREAT SUCCESS
Party Visited Many Shipyards and Dry Decks During Eight Days.

The Naval Architectural trip, which had been looked forward to for so many years, began at last a reality, and has now but a pleasant memory to those who may mine the success with which they may work.

The party doing very much as they pleased in all the large cities of the country. These have been taken by means of the automobile, two men from New York. Stephenson of the Trinity Club of Brooklyn; and Wilkes, second. Leading Altv T. Meyer of the Irish-American, won second place in the Olympic games of last summer in the 50 yard dash.

In the 1500-yard relay, Curtis was well set when the race started, but the second man, fell at exactly the same spot as last year, again the race was a failure. The longer relay race was three-continued, between Harvard, Dartmouth and Tech. Dartmouth were easily, followed by Harvard, with Tech a close third.

POSTER COMPETITION.
All Posters Must Be Handled in By 6 O'clock Tonight.

The poster competition of the "Tech Show," which has been in progress in the last seven weeks, will close tonight. The posters are to be handed in at the Shop office between 4 p.m. and 6 p.m. where there will be some one to receive them. The posters must be judged and the contract with the exhibiters must be signed. The Lowell Institute will be open for the display of the posters.
