THE TECH
BOSTON, MASS., FEBRUARY 11, 1913

E. E. SOCIETY TO MEET WEDNESDAY

Wm. McCloud, a Well Known New York Engineer, will speak before the Electrical Engineering Society at an important meeting scheduled to take place at the Union at 7:45 P. M., Wednesday February 12th. It has been customary not to limit the attendance of meetings of this kind to members of the society, so it is hoped that many will be present to hear the speaker.

Mr. McCloud is at present chief engineer of the Public Service Commission of the New York Electric Light Company. He was formerly associated with the New York Central Lines. In anticipation of the importance of his talk before the Tech students, several learned engineers have expressed their intention of being present at the meeting.

THE ADVANTAGES WE OFFER

PROGRESSIVE methods, large resources and two conveniently located, thoroughly modern bank buildings, combine to make the Old Colony Trust Company the most desirable dep. in New England.

Interest-bearing accounts subject to check may be opened either at Court Street or Temple Place, and the two offices used interchangeably for the transaction of your banking business.

You are cordially invited to inspect the modern Safety Deposit Vaults at either office.
