FIRST TRIALS FOR TECH SHOW SATURDAY

All Candidates to Meet in Union Dining Room at 2 P. M. Tomorrow.

Saturday afternoon, at 2 P. M., in the Union dining room, the first call for men to enter the competitions for principal and chorus of Tech Show 1913, "Money in Sight," will be held. The book this year is the last required by the show and the prospects are excellent for a most successful sea- son. The Boston Opera House has been engaged for the first evening perfor- mance of the show to the city of Boston and many additional trips are being arranged. The middle of April the work will be rushed to the limit of the ability of the managers.

The performance will depend on the student body for their presence at the show and it is hoped that this will be forthcoming. Tech is the name for the men in the Institute to show their willingness to help to make this coming around this competition and off-season for the Union's "Money in Sight." The competition will commence at 2 P. M. sharp, and everyone should make an effort to be there on time.

The posters submitted in the competition which has just closed are re- markable for their excellence and the task of making a selection will be a very difficult one. However, this in done to give the student body an idea of knowing that among these submitted are a number which could be admirably adapted to the needs of the show.

Remember the competition at 2 P. M., Saturday afternoon, in the dining room of the Union.

COMMUNICATION

To the Editors-in-Chief:

Dear Sir—Continuing our reply to the communication of "Cynicus," pub- lished in the issue of February 1, we take up the next question, "Why should the Institute Committee not be the source of representation from each class and one representative from each of the activities who would have to represent the student body?"

Article IV, Section 4, reads that the membership of the Institute Committee shall consist of three representa- tives from each class and one representative from each of the activities now having representation. We did not in any case specify who this rep- resentative should be; it is left in- definite with the expectation that the various meetings and other activities will pick the best men for the posi- tion, regardless of as to whether he is in President, Editor-in-Chief, General Manager, etc.-what not.

Next, as to holding the meetings "in Camera." No, the meetings of the student body should not be held secretly, nor are they. At present the meetings are held in Room 3, Badinger C, and at all times students welcome to the meetings. Formerly Room A in the Union was used, but last year it was felt that a larger room was needed, and hence the move was made. It is the purpose of this whole constitution to make the student body conscious of their meetings. (Continued to Page 4.)

CRIMSON WRESTLERS MEET TECH TONIGHT

Undefeated Varsity Squad Expects to Make Good Showing in Matches.

Tonight at the Gym the Tech wrestling team will meet the Harvard team in what promises to be one of the most hotly contested meets of the season. On account of the number of men Tech has won homecots, it seems to be the general opinion that Tech has a pretty good chance of winning this one. The team is composed of a number of stars but is not a "one man team" by any means. This nota- ble addition which adds materially to Tech's strength is the resignation of Williams, who made an excellent reputation for himself on the mat last season. The期望 is that the chances of ending the Crimson team down to defeat are still good.

The line-ups of the two teams are as follows:

Technology.
125 lb. Means, Kelly.
135 lb. Box. Tefft, heavyweight. 145 lb. and heavyweight classes.

Harvard.
115 lb. More.
125 lb. Dad. White, junior.
135 lb. Griffin, Sargent.
145 lb. Taylor (Capt.), Benham. 155 lb. and heavyweight classes.

It might be well to state in this con- nexion that Harvard defeated East Westtown four to two, which record Tech expected. This indicates that the meet tonight will not be an easy one. Harvard's strength lies not in the small weights, but in the large weights where it will have an equal chance.

The Tech wrestling team played in four meets during March which promise to be close and exciting. They will be with the Harvard team which is coached by "Cyclone" Burns, with the Boston Y. M. C. A., which is reported to have a good team, with the Beverly Y. A. C. A. and with the New York Athletic Club.

INTERESTING TALK ON "EVOLUTION" GIVEN

Father Cusick Continues Discussion at Large Meeting of Catholic Club.

Last evening the Catholic Club held its weekly meeting when about eighty men turned out to enjoy the second instalment of Father Cusick's talk on "Evolution." The meeting was held at about half past six o'clock.

Father Cusick introduced his talk by mentioning several prominent writers who attempt to correct the mistaken belief that the soul of a man is a physical body, and that this belief is not a fallacy. And furthermore, it is not in any way based on the brain and thus lie based his proofs on the fact that the human soul is a physical body and thus that the human soul has a physical body. He then went on to quote a number of those Christians were Christians, and stated several important facts.

The meeting was held at the Union dining room, the first call confinements at 8 o'clock, and it is hoped that this will be another successful one.

HOCKEY TEAM TRIPS.

The proposed trip by the hockey team to Williams is to be the last trip of the season. As the team is to play the Alpha on the same trip it was decided advisable to postpone the Williams trip until it could be made.

It is probable that the hockey team will leave on the same day as the Alpha and return on the same day as the Alpha.

LOWELL ENTRIES HAVE BEEN DECIDED UPON.

Team to Meet Today at Gym

To Elect a Track Captain.

On Saturday evening the freshman track team will hold its first meet of the season. The team is to be composed of twenty-five men, and will see the names appear below, expected to be there on time. The meet commences at 8 o'clock, and it is expected that a good sized crowd will be present to witness the events. As Lowell always turns a good crowd at its meets, the prospects for the Freshman winning the meet are extremely good as there are so many good runners on the team. In the 3-mile there are ten very fast runners that have a chance of winning the race, and many of them will out-finish those on the Freshman team.

The Lowell team will be led by President H. W. F., who is the president of the track team. The team will consist of the following men: A. F. P., C. H. L., and W. H. W. The team will meet at 4 o'clock in the gymnasium, and will leave for the track.
