TECH ENGLISH CLASS COMPLIMENTS TODAY

Still an Opportunity for Many Freshmen to Enter New Class.

The class in Freshman English which is to be held in connection with "THS" this term, will have its first meeting this afternoon at 4 o'clock. The class is selected to order that the class might become familiar with some of our courses and sections.

Comparatively few men have yet registered for this course, but it should be understood that it is too late for any Freshman who received the required grade of not lower than B in his first term work to transfer to this class. Those who are not sure whether they wish to enter this class should attend the meeting this afternoon and decide afterwards.

The opportunities and advantages that this course offers have not yet been pointed out and time again. The idea of limiting the course in every term to one enrolled and indeed many of our colleges have included it in their curriculums.

CHESS CLUB MEETS.

To Consider New Matches—Simultaneous Match Friday.

A meeting of the Chess Club will take place tomorrow at 4 o'clock in the Union. This is the first meeting since the ending of the tournament last fall, and the matter of chess matches for the present term is to be considered. Challenges might be sent in both Brown and Anheuser, but nothing has been heard from either as yet.

A challenge, however, has been received from the Brockton Chess Club, a second round for a return match in the American Chess Federation, but this has not been decided but will probably be considered at tomorrow's meeting.

This Friday evening the club plays a simultaneous match with Mr. Kenedy of the Boston Chess Club. This means that he plays every man in the whole club, advancing from men to men and playing each man in turn. Mr. Kenedy is a chess player of considerable reputation. It is made sixth place out of the ten competitive in an all-American match. Though our club has no expectation of winning, the officers say that they hope to score at least a few points.

T. C. A. POSITION.

Y. M. C. A. Wants Men to Work

Three Evenings Each Week.

Director Talbot of the Technology Council of the Y. M. C. A. has just authority for the statement that the Boston Young Men's Christian Union is desiring of employing a tech man at each of their evening halls. Any applicant must be willing to devote Thursday, Saturday, and Tuesday evenings to the work, and will receive one dollar per evening. The chances of engagement are possible, the Union might consider employing three men to see for these three nights. Applicants can obtain further information from Mr. Talbot.
