H. ABRAHAMS NEXT T. C. A. SPEAKER

Prominent Labor Leader Will Speak on "Labor and the Church."

This week's meeting of the T. C. A. is to be unique, and should prove of interest to the men who gather in the Bates Gymnasium, at 1:30. The speaker for that day is Mr. Henry Abraham, and his topic is "Labor and the Church."

Mr. Abraham is a leader among labor leaders, and president of the Boston Central Labor Union, and representative to the Cigarmakers' Union. He is an authority on matters pertaining to the labor problem, and his advice and help are constantly sought on matters pertaining to labor legislation and the various sides of the social problem. He is an able and convincing speaker, and is in great demand at all kinds of meetings.

In his position of influence in labor circles, Mr. Abraham is able to speak with authority as to the laboring man's attitude toward vital problems and what he has to say on this rather unusual theme of "Labor and the Church" is sure to be worth hearing, and the T. C. A. is confident that one of the largest crowds of the year will attend this meeting.

INDOOR TRACK WORK.

Only Two Meets Still to be Held, Except 1916 Meets.

The indoor season has now practically ended as far as varsity meets are concerned. The relay teams have been very successful this year, and have not won a single race. However, the mile team and also the two-mile team will remain practically intact for next year's indoor season. The future, then, will show the results of this year's work, even though this year it seems to have been a dismal failure. Moreover, the outlook for the outdoor season is very good, especially in the track events.

The crop of runners for this year's season is a very remarkable one for the institute, and if the field events can be taken care of, this outdoor season should prove to be one of championship caliber.

Another thing that will have one more chance indoors, that is, the N. Y. A. U. championships this year. Many will be entered, and from the work which some of the individuals have been doing, several places will be won by Tech men. T. H. Gething, Huff, Palmer, Williams, Wilson and several others can be looked upon to make a good showing.

In the high jump, the showing made by Tecson and Hall at Providence Saturday appears well for them in the N. Y. A. U. meet. The entire entry made by the Tech men will not cost them as many points as Major Brigg has decided that these men should have the fee paid for them in this meet.

Another meet which will doubtless cause a great deal of interest and excitement is the annual indoor Sophomore-Freshman meet. This meet has been scheduled for March 8, and the two teams are already bending every effort to win the meet. The Sophomores have a strong team, and haven't the fast men among their numbers as well as good men in the field events, but they will be obliged to do their best to win from the Freshman team. The Freshman team has been practicing regularly, for some time, and although their showing at the indoor track of the freshman High School was not as good as was expected, they will undoubtedly do better in the coming events.

This Wednesday the Sophomors will compete against the fast Boston College High team in a dual meet in the Gym, and a week later will probably meet another team.

WRESTLING TEAM TO TAKE ANOTHER TRIP

Men Confident of Winning from Beverly, Y. M. C. A. Satur-day night at 7:30.

The Technology wrestling team will meet the team of the Beverly Y. M. C. A. next Saturday night at 7:30. The Tech will enter nine men in the con-test; R. Sayer will enter in the 135-pound class. Means in the 135-pound, and Lee probably in the division also. Loo has been showing steady improvement recently, so his chances are good that he will be given an opportunity. Kelly will, of course, wrestle in the 150-pound class, and other Manager Shodogott or Martin will be entered at the weight also. Martin has not fully re-covered from the bruise to his side, and it is not known at present whether it is advisable for him to take part in the contest or not. Alexander will be one of the men to represent the 165-pound wrestlers, and Alexander is a 165-pound man has not decided upon. There are several Freshmen in this class who have been showing up well recently, and it is probable that a 165-pound man will be the other 165-pound contestant. Captain St. John, who wrestled at 150 pounds, will be entered at 150 pounds. Crowell will be the heavyweight man.

The Beverly Y. M. C. A. lost to States this year, 8 to 1. Technology won by 10 to 0. This team is being coached by Cyclone Burns, and is somewhat in favor of Technology. To judge from all indications the meet this year, 8 to 1. Technology will become eligible to candidacy for next year's indoor season. hardest battle last year. The other this year, 8 to 1. Technology will become eligible to candidacy for next year's indoor season. hardest battle last year. The other

THE OLIVER TYPEWRITER CO.

Regardless of the work you may take up after you leave Technology, the "Oliver Typewriter" will be a necessity. Why not take advantage of the opportunity to get The Oliver while you are studying? It is cheaper to do your own typewriting than to hire a stenographer.

You can RENT the Number Five Model Oliver at the rate of $5.10 per month and when you have paid twenty consecutive months' rental, The Oliver will be presented to you without further expense.

Call at 146 CONGRESS ST. BETTER STILL, Make a date with the Oliver Man in the Tech Office any time that is convenient for you.
