NEW MEMORIAL IS OUTCOME OF WORK BEGUN BY PRESIDENT WALKER IN THE LATTER PART OF HIS ADMINISTRATION.

The Walker Memorial has three distinct purposes to serve when it is completed. It must first of all serve as a student club house and office building; it should be so adapted as to take the place of the Tech Life; and thirdly, it should serve as a dormitory for students. The Walker Memorial was begun by President Walker in 1880 and spent the early part of his life in North Brookfield, Mass. He graduated with scholarship honors at Amherst College and then studied law for a short time. During his life, he was quite capable of entering into the true spirit of a great personal effort, but not only did he put into his life at least a part of the revenue from the Walker Memorial, but he also helped to make his more unfortunate fellow students to do the same.
