net handed in the committee will use its own judgment as to which picture

shall be published. The committee al-

so desires that the men who have not

yet handed in their history blanks

blanks would do so at once. Delay in

handing in these blanks will cause de-

lay in the publishing of the book, and may possibly be the cause of their

not being put in at all.

The committee intends at present to publish the book about May 1.

There are twenty sign up books out, so ample opportunity is afforded those

who wish a copy of the book to sign up. These sign up books will be out

only three weeks longer, so it is wise to sign up at once if one wishes a

copy of the book.
