CERCLE FRANCAIS TO HOLD MEETING

To Start Reading of French Play at Regular Meeting Wednesday.

Next Wednesday afternoon the Cercle Francais will hold the second of its regular meetings. It will take place at 5 o'clock in Room 20, Lowell building, and all the members and the officers of the organization of the undergraduates, will be present to do business as is disposed of at first. In addition, the club will start the regular program as originally planned. The constitution, which has been annually up and approved by a special committee, will be read as a whole for the first time by any of the members. A new number of members are also to be voted upon. Whether this business is concluded the reading of a French play will be begun. The next meeting of the Cercle Francais will hold the second of the present day French short dramas. Paris will be assigned different standing for general the discussion of the play will follow.

Following the regular custom, the meeting will be held in French for those who are already members, and those who have been given in their names for membership are urged to be present at this meeting. The treasurer wants all the men to come prepared to pay their dues, which are $1.00 per year. The next meeting of the Cercle Francais will hold the second meeting of the Boat Club next Tuesday afternoon at 5 o'clock in Room 29, Lowell building.

Ability, by one of the 1916 teams, Barry and Curtis being the favorites. Reed, '16, is a fine, strong runner, but has difficulty winning the race at the Gym. Adams, '16, will also enter this event. His every doubtful if he is strong enough to maintain a fast pace over the entire distance. The Sophomore looks good for both first and second places. Hines, '16, Lonergan, and Curtis, '16, are others who may take points. Wolk, '16, Maier, '16, and Burkhart, '15, will enter this event.

M. I. T. BOAT CLUB IS NOW ORGANIZED

At Meeting Wednesday Permanent Constitution and By-Laws Were Adopted.

The first meeting of the 1915 Tech Boat Club was held at Tuesday afternoon at 5 o'clock in room 20, Lowell building. The members of the Boat Club are now organized.

The meeting opened with the reading of the by-laws and constitution which were adopted. This organization will be known as the M. I. T. Boat Club, and its membership is open to all members of the student body. The dues of $2.50 will be collected semi-annually. The money that is raised in this way will go toward maintaining suitable shells for the use of the crew and the club members.

One of the fundamental purposes of the Boat Club is the advancement of rowing interests at Tech, and it is the hope of the organization that this may obtain sufficient support to enable it to put the crew in a much firmer basis. There will be another meeting of the Boat Club next week to elect permanent officers for the club. With the columns of THE TECH for exact time and place.

up the cars by means of air locomotives. These cars are known as the M. I. T. Boat Club, and its membership is open to all members of the student body. The dues of $2.50 will be collected semi-annually. The money that is raised in this way will go toward maintaining suitable shells for the use of the crew and the club members.

The speaker could not have impressed his listeners of the great importance of the work. After he concluded the men were very enthusiastic, and by virtue of his experience the speaker was able to tell them how to do their work. The quality of the work done by the members of the society was brought out in the lecture.
