MEN WANTED FOR ADVERTISING WORK

COMPETITION FOR CANDIDATES FOR "THE TECH" BUSINESS STAFF

Still Open.

The competition for candidates to the Advertising Department of THE TECH opened yesterday, and a number of students who are ready to manage next year's paper will take place early in May. There is a good opportunity for any one to secure the position coming now.

In this department of THE TECH there are many opportunities for students to get some valuable business experience. In the first place, the Institute men learn to meet business men in a business world. They learn what business is conducted and what a business man's views are on various subjects. From your first year you learn values at first hand and see opportunities in these values. The advertising agent can usually secure the money required to finance the project of bringing in just such reports, and since the finances provided for representation from each class, this opportunity is an excellent one.

Communication:

To the Editor of THE TECH:

Referring to Mr. Perkins' statement concerning the chance for Institute men to get some valuable business experience, in the first place, the Institute men learn to meet business men in a business world. They are thus prepared for the business world.

Yours truly,

A. B. Smith

COMMUNICATION.

The Registrar has just received a letter from General W. H. Moore, in which he states that the athletic scholarship for the year 1913-1914 will be $1000. The registrar is to see that all scholarship holders are properly and wisely legislated for in the coming term.

Sincerely yours,

E. J. Smith

CIRCULAR FRANCAIS.

Short Modern French Drama to Be Discussed at Meeting.

This afternoon, at 5 o'clock, the Circular will hold its second meeting in 23, Lowell Building. All members are urged to be on time, since the important business, such as the rälification of the constitution and the voting on new members, will be disposed of at this meeting.

H. F. Miller

BOAT CLUB MEETING.

A meeting of the Boat Club in the Union, yesterday, the officers for the coming year were elected in the persons of E. C. Gove, '13, Commodore; H. A. Root, '12, Vice-Commodore, and E. C. Rittenhouse, '15, Secretary. Plans were discussed with regard to securing a ship for the use of the club in the near future. According to Commodore Gove the club expects to be out on the river as soon as the ice is gone.
