SOPHOMORE BASEBALL PRACTICE BEGINS

Men Will Go Out to Field This Afternoon For First Time This Season.

The Sophomore baseball men will go out to the Field this afternoon for their first outdoor practice of the season. There was some hesitancy about going out on account of the weather, but it held no fear, as the weather is still so cold. They have been practicing in the Gym for some time so that they do not want to be much dazed by the men being put out of order. It is hoped that by about the middle of March the weather will be good enough to undergo any great amount of physical exertion when the thermometer is low.

Manager Thomas has arranged a fine schedule, the first game of which is with the Allen School, on April 12. The schedule includes games with some of the strongest High and Prep School A.A.'s as well as a few of the State, besides a series of three games with the Presidents Club. The men of the class have given the baseball team great support. A very large number of the members have been at practice for the last three weeks, and the duty thus far, most of whom are new boys. All these boys have been divided into twenty candidates for the team, so that the prospects for a good aggregation are very hopeful.

Manager Thomas desires that all men report this afternoon at the Field, at 3 o'clock, and bring their suits.

SENIOR ELECTIONS. (Continued from Page 2.)

refaty of the Finance Committee, a member of Alpha Delta Pi, and a member of the Delta Kappa Phi. He is secretary of the Finance Committee. He is now on the Class Executive Committee, and a member of the Phi Beta Kappa Fraternity.

Men’s SPRING SUITS & OVERCOATS

The discriminating man who avoids the common place in style, design and fabric will find the utmost satisfaction in garments of our production.

Outside of the important question of style good cloths are made of WOOL FABRICS and TAILORING, a little of the former and a great deal of the latter.

Our clothing is made by good tailors, every one a SPECIALIST, who is fit to make garments for particular men, it COSTS more, but it shows in a hundred suits or overcoats as well as in a single one of either, and it means infinitely more satisfaction to the wearer.

Men are so restricted in their choice as to what kind of clothes they will have to wear. It is a great mistake, and it means infinitely more satisfaction to the wearer.

Other clothing may look ours, but you will not find the same amount of GOODNESS in it.

This season’s offering is composed wholly of garments that fully justify the discriminating man’s standard of correct style and good taste.

Men’s Suits, $25 to $45

Spring Coats, $30 to $50
