RECOMMENDATIONS OF GREAT MOVEMENT
MADE BY THE ALUMNI COUNCIL
Expenditure of $600,000 Suggested for Student Housing--Fraternities May Not Pledge
Freshman Till Second Term

At the meeting last evening of the Alumni Council of the Massachusetts Institute of Technology, a number of important business questions were considered with reference to the plans for the New Technology on the Charles. President Lancaster and Mr. Bus- worth, the architect selected, were present, and the question was about the buildings for student accommodation, and the Walker Memorial. The Dormitory Committee, which consists of A. P. Belden, '83; C. W. Eason, '85; L. Allen, '71; Frank A. Bourne, '93; J. Chichester, '89; and T. Locke, '86, presented a voluminous report, read by Mr. Eaton and approved. The party took up in great detail every phase of student accommodation, estimating the approximate cost of dormitories at about $1200 per room, and required to be built. The buildings will be constructed immediately so as the Institute shall be moved to Cambridge, with an increase to a million in state money, as mentioned below. The conclusions of the dormitory committee were as follows:

1. That four dormitories be provided in stairways.
2. That no "lofts" be provided in stairways.
3. That no dormitory be located on the 5th floor of the buildings provided.
4. That the stairway type of dormitory be adopted with a height of four rooms.
5. That three kinds of student accommodations be provided in the following proportions:
   - For 25 per cent. in single rooms
   - For 25 per cent. in double rooms
   - For 50 per cent. in rooms or suites
6. That each floor shall have a common room or suite for social use.
7. That such accommodations be supplied with the "main pieces of furniture."
8. That bathrooms be provided on each floor, but that suites and rooms for single occupancy be provided with private baths.
9. That as much inducement as possible be offered the students to take outdoor exercise.
10. That truth of any sleeping room be provided as far as possible.
11. That dormitories be of fireproof construction, certainly of nothing interior to "slow burning" construction.
12. That the members of all four classes be included as much as possible throughout the dormitory system.
13. That rooms be assigned by lot with a reasonable degree of individual choice as to stairways.
14. That no "lofts" be provided in stairways.
15. That no dining accommodation be provided for at least 500 students, probably 632.
16. That the dormitory system be ready for occupancy and use at the same time as the educational buildings.
17. That a general dining hall or "commons" be provided near the dormitories, but easily accessible also to other buildings, for the use of all students.
18. That such accommodations should provide:
   - Good, wholesome fare at minimum cost, and service as attractive and varied as may be had elsewhere.
   - Home-like conditions as far as practicable.
19. That all dormitories be so arranged as to foster the intimacies and home.

T. C. A. TALK TOMORROW.

REV. G. H. HAMPTON TO SPEAK ON SOCIAL SERVICE.

The Rev. George C. Hampton, of the Everett Universalist Church, will address the Institute men at a public meeting of the Technology Christian Association meeting to be held tomorrow at 8:30, in the Union. The speaker is to address the suggestion of several students interested in social service. He will be well received in problems relative to this subject the discourse will improve the social and moral standards of the campus.

LYNN MEN ORGANIZE.

COMMUNICATION TO ESTABLISH NEW HIGH SCHOOL CLUB.

Students in the Institute who have attended the Lynn High Schools are attempting to form here a Lynn High Club, similar to the Brookline High Club, Chauncy Hall Club, and others already in existence. Several students from Lynn are back in the city, and the group of Lynn students interested. Membership will be open to students who have been in the Institute during the last year. The meeting is to be held Monday at 6:30, and all men from Lynn, Swampscott and Saugus interested in the establishment of the club are expected to be present.

FINANCIAL STRINGENCY

The motion that track teams should be funded by Faculty Members.

Sophomore baseball candidates had practice for the first time yesterday afternoon at the Tech Field. The season started well with nineteen men turning out, but very few of these turned up for the second time. The men went through batting and field work as a preliminary for scrum work which will next Thursday. Manager H. C. Thomas has arranged a very good schedule for the team, and he assures that regular practice will be held twice a week on Tuesdays and Thursdays, at 5 o'clock.

The following men turned out:

For pitchers: Odell and Gage; for the infield, Captain Castle, Franks, Wilt, Hasen, Place, Macdonald, Waterman, Spencer and Colby; for the outfield, Muro, McNulty, Thomas, Fish, McDivitt, J. Murphy, F. K. Murphy and Anderson.
