M. E. SOCIETY TO MEET ON FRIDAY

Prof. C. H. Peabody to Speak
On "Oil Burning"
in Eng. B.

Next Friday afternoon, March 28, at 4 P. M., the Mechanical Engineering Society will hold a meeting in Eng. B. At this meeting Prof. C. H. Peabody will give a talk on "Oil Burning." This lecture will be illustrated and the oils used in the lecture will be sold by Professors Peabody and Miller at "Steam Dollys," recently published, will be among the first who wish to of all courses are invited to attend this lecture, and it is assured to be full of interest to all.

Later in the term there will be lectures by two new horse experts, two by mill engineers and one by a boiler expert.

Nominations for next year's officers will be held in a few days and the election will take place soon after. The annual banquet will be held the last of April and tickets are sold by any of the officers, and any member desiring to subscribe to the A. S. M. E. Journal may do so by making application to any of the officers. No one may charge their account and should either hand in their names to one of the officers at the time of the banquet, or hand the work under the Mechanical Engineering Society Bulletin Board in Engineering D.

FRESHMAN BASEBALL

Eighteen Men Reported For Practice Yesterday.

Yesterday the Freshmen's squad was put in full force with a total of eighteen men. Of this number three were candidates for the position of catcher, three were ball boys, two by mill engineers and one by a boiler expert.

The Tech. Society Bulletin Board

Mr. Myron Francis, who has been the most successful in the throwing or catching of the ball in the last game, will be in charge of the field for the practice, and more are expected to turn up Monday. With all this work a mighty good team should be the result.

After the practice yesterday the men chose a temporary captain in the person of a backfield-quarterback on the football team last fall, Mr. Murphy. He is expected to see all the men out at the Field Monday, as well as any new men who have not as yet reported. Practice is held Monday and Friday afternoon.

Those who come out for the team should keep in mind that the baseball work takes the place of the regular exercise of the gym, and that there may be the opportunity to exchange the gym work for recreational outdoor exercise of baseball.

EPISCOPALIANS MEET.

The Eucharist, the Brotherhood of St. Andrew will hold a special meeting on Friday evening, March 28, at 7:30, in the Library of the Thaddeus V. Kent Grammar School. On this occasion Holy Week, all of the chapters have been holding their meetings, and each week for the last sixty minutes, in preparation for Easter. These services are being conducted by Dr. Long, who was requested that all Technology Episcopalians attend.

HARE AND HOUND RUN AT HYDE PARK TODAY

Five-Mile Course to Start at Y. M. C. A.—Large Number of Men Expected.

Owing to a misunderstanding, a notice was inserted in THE TECH this morning that the Hare and Hound Run was to be held yesterday. This, however, was not the case. The run to be held today is the continuation of the Hare and Hound Run which started at the Back Bay Station in time for the 1:14 train. There has been no selection as to who the hare or hound is to be, but a boy left until the following is on the train.

The run takes place at 1:30, and the same excitement of using the Y. M. C. A. swimming pool. To many, the swim after the run of today will be the most enjoyable part of the entire outing. This prospect of the Freshman's Run is increased by an added amount of sport to the usual beauty of the Boston University fields. These runs are open to all men of the Freshman Class of '14. If a fellow is not a member of the track squad it is no reason why he should not come out in one that can all go in and out in one that gives good exercise. For the benefit of these men two sounds will be started that will be enough to attract the hare and hound. Runners who have not been running regularly will be sent out a few minutes in advance of the hare and hound.

This is calculated to balance up the run and to make it a more exciting event. The following is given over to card games, for which business meeting the evening will be sold for ten cents apiece.

THE TECH.

Rehearsal of Entire Cast and Chorus Today.

The Tech. Society management, in charge of Mr. Blodgett, Miss Kellogg, and Mr. McNally the chorus, Miss Kellogg will continue the work that she began yesterday in teaching the men to sing and for the chorus.

The management has considered that the rehearsals have been exhausting and that the men are now ready for a rest. After the rehearsal the cast, chorus and understudies, must be sent out a few minutes in advance of the last act so as to be led in on time. Some of the leading members of the chorus were interested in the rehearsal, and should bring out a large number.

The chief aim of this TAG DAY is to convince Dr. Maclean and others of the Executive Committee of the determination that the students are ready to show their keen interest and appreciation of the advantages offered by the Athletic Association.

The manager of this TAG DAY is the manager of the Athletic Association, the committee in charge of this work feels that every man, woman and child passing within the hundred feet of Technology and the Corporation should make the effort to tag and should bring out its activities in the student body that the Corporation should make provision for giving the students the benefit of the Athletic Association.

The third was the rating of the leader of the track squad it is calculated to balance up the benefit of the Athletic Association. It is keenly felt that the Corporation should make provision for giving the students the benefit of the Athletic Association.

WRESTLING MEET.

Second Team in Six Events at West Newton Tonight.

Manager Blodgett of the Varsity wrestling team announces a rather ambitious program for the Tech. Society, with the Allen Gym club, West Newton, at Allen Gym, tonight, at 8 P. M. There will be six events, in which the Tech. Society will be the home team, and should bring out a large number.

The chief aim of this TAG DAY is to convince Dr. Maclean and others of the Executive Committee of the determination that the students are ready to show their keen interest and appreciation of the advantages offered by the Athletic Association.
