APPLICATIONS FOR
TECH SHOW SEATS

Afternoon Performance For Under-
graduates-Alumni in Evening.

All applications at the Institute have
had applications for Tech Show seats
mailed to them and they should have
received them by the first mail this
morning. The management has spent
a good deal of time getting them ready
in the last week, and it is hoped that
the student body will co-operate with
them in filling out applications
out as soon as possible.

In order to do this all applications
should be filled out as soon and re-
turned to W. H. Page, jr., at the Tech
Show office. All applications must be
in by 5 o'clock next Saturday afternoon.

Applications received after this
date will not be considered for this
show. For one week, beginning March 31st,
a public ticket sale will be held in the
Show office from 11 A.M. to 12 M. and
1 and 2 o'clock. Prom are ready and may be procured
that day and any others expressing to

Crew Practice Today.

Men meet at B. A. Boathouse
For First Work of Season.
The Tech Boat Club will start prac-
tice today. All men who are inter-
ested in crew work are requested to
report to the B. A. Boathouse at 4
boat house near the Cottage Farm
Bridge. The men will leave the
1g about 4 o'clock, and for
the benefit of those who do not know the
way to the boat house, it can be reached
by taking any train to the Cottage Farm
stop.

The practice will be in four-oared
shells the first week, but next week
they expect to use a couple of single ships
from the B. A. A., and as soon
as those boats are in shape they will be put
at the service of the members of the
club. It is desired that the men train to rows in those singles, as well
as in the four-oared shells, so that
they may have the same conditions when their services are needed
later on the crew.

No Chess Match.

The Tech chess team was to meet
the Brown University team last Saturday afternoon, but the
presence was failed to appear. The
brown team is not very well known
as a chess team of Brown University
and their players have a handicap of twenty pounds over the
team.

The TAG Day Committee has now
reached the final stage with pretty
good desire of selling tags on
this year's event, it is believed, however, that the
young ladies from Mr. Hum-
phrey's and Bursar Rand's depart-
ments will be allowed to take part in this
show. The young ladies are all
very anxious to succeed in their sales
because the money will be consu-
dently spent to be the best,
and the desire is further aug-
mented by the fact that Mr. Mattson of
the Junior Class has agreed to take
the lucky gift to every ticket
held at the Field this Spring.

The sale of tags will, however, not
be confined alone to young ladies, as
this would be striking two strong
for Morse, and as soon as
