THE TECH, BOSTON MASS., MARCH 24, 1913

ORCHESTRA TO PLAY AT SPRING CONCERT

Sign-Up Cards Sent to Seniors and Juniors—Next Card Sent in Office

At a recent meeting of the committee in charge, it was decided that the Tech Show Orchestra will play at the Spring Concert. This is especial-ly good news for the Orchestra has recently received a high grade of reputation, and it is expected that it will furnish a delightful part of the evening's entertainment. By this time every Senior and Junior should have received an application card and a program for the evening. These should be returned at once in order to be sure of receiving tickets. This Sophomore who have already invited a girl to the Junior Prom for the dance may not be disappointed in attending the concert, since the committee has taken the necessary consideration as to given to the Juniors. If there are any who have not yet received application cards, they may obtain them at the Cape. This is the last chance to make sure of a ticket.

The committee is arranging an excellent program. Much time and effort have been made in its preparation. This has been very successful. The clubs are fast getting the full show that is promised by the Orchestra. It is expected that the Orchestra will be one of the leading attractions. The dance, which will be held afterwards, will be a great success. The plans are laid to make this occasion the most enjoyable and the best remembered of all the social occasions of the Institute.

TECH SHOW TICKETS.

(Continued from Page 1.)

seats in the evening must bear in mind that the Alumni will be given first choice of the evening seats, and therefore the undergraduates cannot expect to have the very best of seats if they insist upon going in the evening. The Opera House, however, has a great seating capacity, and there will be a number of excellent seats still available for the undergraduates in the evening.

Undergraduates will be given first choice for the afternoon seats, and it is suggested that, if possible, and it will be to their advantage, they apply for such seats.

The management has taken a big step upon itself in trying to fill the Opera House, but with the hearty support which it has always had from the undergraduates, it is felt that the house will be filled at both performances. This undergraduate support will be a very important factor in making this year's Show the most successful one ever presented.

HARE AND HOUNDS.

(Continued from Page 1.)
The end was fast, showing that the few from being tried out. C. S. Lee and T. C. Goffth had a little run of their own. They made up the second squad which was to start after the less experienced ones had gone. Through no plans of Coach Cuban Pesek, these two men thought that they would constitute the second squad, and accordingly managed just to miss the train at Back Bay. Whatever the reason was they did not arrive at Hyde Park until the other squads had started. They were, however, not discouraged at this, and immediately set out in chase of the others. In spite of their own confidence that they would overtake the "noises" and came trailing into the dressing room as the others were getting dressed.

NEXT T. C. A. SPEAKER

REV. J. A. FRANCIS

Well-Known Pastor to Speak On "The True Dynamic Behind Civic Betterment."

For next Thursday's talk the T. C. A. has been very fortunate in securing Rev. James A. Francis, D. D., of this city. Rev. Francis is pastor of the Claremont Street Baptist Church, and he will speak on "The Real Dynamic Behind Civic Betterment."

He is very well known as a speaker, and his talk will undoubtedly prove to be very interesting.

Last year Rev. Francis spoke in the Union, and his talk was one of the best of last year's T. C. A. talks. Shortly after he suffered a great misfortune in the loss of his church by fire, and since then he has been busily occupied with the re-establishment of the church, which was rededicated a few weeks ago.

As a speaker Mr. Francis is very much in demand. Last year he was granted a month's leave of absence in order that he might travel with one of the teams of speakers in the "Men and Religion Forward Movement."

Recently the T. C. A. engaged him to talk, but his date had to be postponed on account of his trip to Minneapolis, Minn., where he spoke in addition to his duties as pastor, Rev. Francis is an instructor in the Gordon Training School, an institution well known in the Baptist denomination for its success in the Cyclaric of theological subjects and missionary work.

The talk will be given, as usual, in the Union at 1:30 o'clock on Thursday. The officers of the T. C. A. are disappointed in the poor showing made at recent talks and it is their earnest desire that more men be present at the weekly meetings. If these talks are to be continued the men must show their support by attending them.

At present the T. C. A. has three members, and it is expected that it will furnish a great seating capacity, and there will be a number of excellent seats still available for the undergraduates in the evening.

TECH SHOW.

Regular Rehearsals Held—Pictures Taken.

This afternoon, at 4:15, both the cast and chorus will rehearse. Mr. McDonough and Mr. Sanger will be present, but the rehearsal will begin shortly on the show songs.

All of Saturday afternoon was spent in singing and dancing. Mr. Sanger had the company practice the opening chorus, while Miss Kellogg conducted chorus dancing, and a little solo dancing.

Last week Otto Sarony took the pictures of all the members of this year's Show. The proofs will be ready in a few days.

TRouSERS are straight cut, in accordance with the best models.

KEEP YOUR DETAILED THESS NOTES HEAT AND READABLE while fresh in your mind. It is hard to read some of these scratch notes after the ink has dried. What is the solution?
