INTEREST IN TAG
DAY GROWING FAST

This Means of Giving Encouragement to Athletics Well Received.

So many men have volunteered to sell tags and seem so enthusiastic in their attitude that the committee feels assured of TAG DAY'S success. While the committee's first venture estimated the financial gain at $100, it is now felt that the amount will very easily total $250, which means the sale of 2500 tags at ten cents each.

The Athletic Association will receive from $660 to $1000 to complete the season. It is held for expenses, there being a possibility of making all of their profits. $660. TAG DAY, expected to net at least $750. The remainder, $250 to $200 will be made largely by gate receipts at the games to be held this spring. Another possible source of income is Tech Show, 1913, which, if the Athletic Association is lucky, will make it some return the season. So far the prospects for the show are good. The sale tags at ten cents a tag.

The amount will very easily total $250, which means the sale of 2500 tags at ten cents each.

The Hare and Hound Club will hold its regular meeting in Room 30, Lowell. Owing to the fact that so few members want to attend when the club held its meetings on Wednesday afternoon last week, it was decided to meet on Thursday.

The reading of the French play, "La Mano on Tour S'knit," will be continued. Members of the club will first give a scene of the play about this time for the benefit of those who were unable to attend the last meeting. Great interest was shown last time by the taking part, and it is hoped that even more men will attend tomorrow and also after sea-sing.

A short sketch of the author, Millieu, will be given, and anyone who is interested in this manner of life will be able to add to his knowledge of the subject. As usual, the meeting will be carried on entirely in French.

HARE AND HOUND RUN.

The Hare and Hound Club will hold practice runs over the Tech course today. It is held for the distance men a chance to become acquainted with the route in preparation for the annual cross-country race which is to be held between teams representing the different classes of the Institute Saturday afternoon. This is the last opportunity for regular practice, and it is held for the benefit of all members of the team.

The Trinity Club bowling alley must be a busy place when the Tech team is over there.

TECH WRESTLERS AGAIN
VICTORIOUS LAST NIGHT

Three Out of Four Bouts Go to
Technology at Cunningham Gymnasium.

Last night the Tech wrestling team gained a decisive victory over the Champlain at their gymnasium in East Milton. There were only four bouts, as the man who was to oppose Champlain at the Tech team failed to show up at the appointed time. All the men did very good work throughout the meet.

In the first bout Leo won from one of the Champlain Gym team on a fall, their weights being 117 and 111 pounds respectively, for which funds was given a slight handicap. Horace 121 pounder from Bayne, 117 pounder, of the Tech team, on a fall, after a hard fight of eighteen minutes. Over minute more than the usual time. In the third bout Kelly threw Hal in nineteen minutes and 116, weighing 132 pounds, Morse, who is the champion, in the gymnasium and has done unusually good work ever since taking up the sport at the beginning of the year, and deserves credit for the victory. Last night, especially as his opponent was almost the same weight as himself.

After the business was closed cards were brought out, and an enjoyable hour was spent with them. J. J. Hillen of the first prize, which was of a Tech banner. The booby prize a package of chocolates, went to Homer Rogers. Following the announcement of the winners refreshments were served and the meeting broke up about 10:30, after a very enjoyable evening.

M. A. H. S. MEN SPEND
PLEASANT EVENING

Second Smoker of the Year Is
Big Success—Plans for
Bancroft Talk.

The stage manager of Tech Show Mr. G. R. Thayer, '15, has announced the selection of men to run the lights in the Show. The competition was very close and the examiners announced that every man who took the examination was considered in the final selection.

The two men who will run the spot lights are Babcock and Webster, Desmond, Wright and C. W. Brown will be on the stage lights, with three or four other men to be selected from among Bristow, Horton, Brown, Ross, Ldolph, Lewis and Walt, who will practically tied in the competition. The stage manager will make another announcement to the men for some time after the final selections are made.

GOLF CLUB MEETING.

Question of Links to Be Dis-
cussed Today.

At 1 o'clock, Thursday, in 21 Rogers, will be held an important meeting of the Golf Club. The officers report that all of last year's members are present, and they also invite all other men interested in the sport to attend the meeting. The minutes of links are to be taken up and discussed. It is stated that the links will be divided into sections and that the members of the club will be divided into the same. It is stated that the links will be divided into sections and that the members of the club will be divided into the same sections, and that each member will be responsible for the section assigned to him.

10:00--Meeting of Golf Club--Union.

WELL-KNOWN SPEAKER TO ADDRESS T. C. A.

"The Real Dynamic Behind Civic Betterment," Subject For

The regular T. C. A. talk for this week is to be delivered by Rev. James A. Francis, D. D., pastor of the Clarksburg Street Baptist Church. The subject will be: "The Real Dynamic Behind Civic Betterment." and, judging from his reputation as a public speaker, the talk ought to be interesting and instructive.

Doctor Francis has been much in demand as a speaker on vital problems of the day. He served last year as president of the teams which talked for the "Men and Religion Forward Movement." Besides being well known to the public at large, his name is also familiar to Tech men. Last year he delivered two very successful T. C. A. talks. Those who heard it declared it one of the best given that year, and were anxious to hear Doctor Francis again. A short time ago he agreed to speak again, but the date was changed and was to be postponed, on account of a trip he made to speak at Vincennes, Ill.

The attendance at the recent T. C. A. talks has been quite small, and unless there are more men at weekly meetings they may have to be abandoned. If Tech men are really interested in the work of the Junior Class of the High School, they should make a strong effort to be present tomorrow night.

T. C. A. ENTERTAINMENT.

Social to Be Held Next Friday
Evening in the Union.

"The Technology Christian Association will entertain its members at a social to be held at 7:30 Friday evening, March 28, in the Union. At this social there will be an annual election of officers and there will be a short business meeting, at which the Association will be made of the successful candidates in the election.

The details of the entertainment have not yet been learned, but it is certain that the members will be
