Night Phone--Back Bay 6077.

FRIDAY, MARCH 29, 1913

Today heralds in a school era of unusual significance to us Technology men. The occasion, as everybody knows, is Tag Day, the proceeds of which are to go to the upholding and maintenance of athletics. Have you read thoroughly the basic principles which underlie this step, have you thought out absolutely the aims and methods of this scheme? If you haven't, a few ideas here may do no harm.

Formerly there was a time when Technology men had track teams which had pride of place and command on an equal footing with the larger colleges of the country. Why are we not in the same condition today? This can be but one answer—an insufficiency of support on the part of the undergraduate body and naturally a corresponding aversion to support from the Corporation. Athletics are not only personal aid by attendance at practice and competitions but also financial aid. Athletics men, and undergraduates attending Technology, do not support our own activities as we reasonably expect the aid of the Corporation. New life and enthusiasm have been shown in the public spirit by rushing to aid THE TECH and by conscientiously backing the present Institute Committee. Let this be an example to us for we show our belief in Technology by investing in as many particulars which underlie this step, have we done it right? It is an abjuration, a statement of eternity. Then, this is not an appeal; it is an act of faith, a belief in our own ideals and a belief in our own powers of aiding this wonderful school.

DANCE AND WHIST.
An entertainment will be given on Saturday, March 30, in Copley Hall by the Women's Auxiliary of the Canadian Club of Boston. The entertainment will consist of dancing, whist, and refreshments. Tickets are one dollar each, and may be obtained at the office of Mrs. John Reed, 39 Madison Avenue, Cambridge.

SENIOR CLASS DAY
COMMITTEE ELECTIONS
Class Day Exercise, Dance and Dinner Committees Chosen.
The Senior Class Day Committee has made preliminary arrangements concerning “Class Day.” The following committees were appointed to take charge of Graduation Work:

Printing and Engraving Committee—J. J. Strickland, H. M. Rand, C. W. Hirt.

COMMUNICATION
(Continued from Page 1.)
As to representation, we have admitted that it is not all that is to be desired, but Tech is not Utopia, and it would be foolish to try to establish an ideal representation. Our worst fear has been realized and the large representation is aimed to combat it. We are not increasing the membership in this Constitution, and we hope that the student body will avail itself of the referendum to make such changes as it desires. Mr. Huick refers to a committee which handles no money, and we certainly know no grounds upon which to reproach their representation.

Very respectfully,
Com. on Class, and Re-Laws
For P. D. Murdoch.

CERCLE FRANCAIS
(Continued from Page 1.)
made so that copies of this paper can be obtained from the General Library, where they will be kept.

The next meeting of the Cercle Français will be held next Thursday, and it is hoped that all the members will be able to attend so that the readings can be continued.

GOLF CLUB MEETING
Because of a misunderstanding the place of meeting of the Golf Club was announced as the Union instead of 21 Rogers, which the officers had decided to have the club convene. For this reason the first meeting of the year of this club has been postponed to Wednesday, April 3, at 1 P. M., in 21 Rogers.

THE TECH BANQUET
Next Tuesday all the men on THE TECH are to meet in the Union for their annual banquet which marks the conclusion of the work of this year’s Board. The outgoing Board will act as hosts. At the banquet the members of the class and who compose the next Board will be announced, and the new men will assume charge of the paper. If you are connected with THE TECH keep this date open.

UNSOLD TAGS
All unsold tags must be returned to THE TECH office not later than 1 P.M. today. This is imperative.

Those tags are going fast. Better get another one.
