SUCCESSFUL SEASON
FOR WRESTLING TEAM

Has Won Every Meet On Schedule—Plans For Next Year’s Matches.

This year the Wrestling Team has had a specially successful season, winning all of the eight meets in which it took part. The season opened with a match against the Clapp Memorial A. A. and Tech won by a score of 4-2. Immediately after this meet the team was suspended by the N. E. A. for having an unqualified team meet, and it was not until January 30th, that they were allowed to have a meet. Tech next defeated the Salons Y. M. C. A. with a score of 1-0. It was in this meet that Sayer won the 115 lb. bout by a fall in the remarkable time of 1 minute and 59 seconds. The fourth meet was with Harvard, and the team proved to be the class of the season. Tech won four bouts, two by falls and two by decisions. Harvard also won four bouts, but only one was by fall and three by decisions. In this match the team showed, winning the heavyweight bout with a fall in 1 minute and 59 seconds.

The last meet of the season was with Cunn. Y. M. C. A. and Tech won by a score of 1-0. This meet was very much "alive." The complete team is as follows:

Manager Blodgett wishes to express hearty appreciation of the work Means. and with the many beginners who have shown such remarkable form last year, next season see your wrestling team again victorious.

Although Means has been sick a good part of the time, he has done very good work in the meets in which he has participated. Kelly, who holds the Northeast Intercollegiate Championship of the 135 lb. class, is one of the best wrestlers on the team, and has won all of his bouts this season. Sayer is a fact, a rocky wrestler and has won all of his bouts in quick time. Lee is another freshman who has developed remarkably well.

Mr. E. Mulready, of Probation Commission Will Speak.

Next Thursday at 1:30 o’clock Mr. E. Mulready will be the speaker at the regular weekly talk given by the T. C. A. in the Union. Mr. Mulready is Deputy Commissioner and Secretary of the Commission on Probation for the Commonwealth of Massachusetts.

As Probation Officer, Mr. Mulready comes into contact with a great many offenders and petty criminals, and has been largely instrumental in developing the plan of probation which has become such an important part of the modern treatment of criminals. He is an excellent speaker and is a man of broad experience. His talk next Thursday should prove of considerable interest and value to Tech men.

“PUTTING OFF AN EASY THING makes it hard, and putting off a hard thing makes it impossible.”

Nothing easier in the world than providing for the future by means of a New England Mutual contract.

Don’t get into the “impossible” class by putting off learning how we can serve you.
