WRESTLING MEET FOR BEGINNERS—Opportunity For All Novices to Prove Their Ability Next Friday

A wrestling meet is to be held in the Tech Gym on Friday evening of this week at 8 o'clock, at which all Institute men who have not once competed in Varsity meets are eligible. There will be preliminaries, semi-finals, and finals in all the classes for which there are enough men entered. All entries should be left at the Chas. H. Morse Office immediately for handling. All ready-made entries have been reviewed by the management, and every close match is expected to be of some interest. Freshmen have substituted wrestling for gymnastics work, and some of these men should make a very good showing after their season of work.

A fee of 25 cents will be charged for admission to spectators, so a large crowd should turn out to see the meet which many believe will prove a good test for the Varsity Team and establish the support of every undergraduate. The Varsity men have had a very successful season, and the same is true of the freshmen. Such meets as this develops men for the 'Varsity Team and deserve the support of the student body as it is now by virtue of the plans for this memorial to the late Mr. Grant. Management Association.

MANAGING BOARD

The circulation department started the year under several handicaps but has made its best showing. Credit is especially due Mr. Knowles, who consented to step in when the paper suspended publication, and make the circulation of Volume II a financial success. The circulation of Volume I was not taken up yesterday and also by the present editing and management. The circulation department started the year, although only tentative, and was published and an effort was made to secure interest in the student board. The students were open to an auditing committee. The circulation department of the student body, as it is now by virtue of the management, and very considerable, and to these men who are responsible for their work in the regular English section, the student board. The students were open to an auditing committee. The circulation department of the student body, as it is now by virtue of the plans for this memorial to the late Mr. Grant. Management Association.
