CATHOLIC CLUB WILL HOLD DINNER TONIGHT

Mr. Slattery to Speak on "Socialistic Views"—Business Meeting After Dinner.

Mr. F. E. Slattery, a prominent Boston attorney, will address the members of the Catholic Club at its regular monthly meeting and dinner this evening at 6.30 o'clock. Mr. Slattery will speak on "Socialistic Views," and the talk, like those which have already been given before the club, will very likely, be interesting as well as instructive.

After the dinner and talk the club will hold its business meetings, and it is expected that the most important matters to be brought before this meeting in the coming month will be referred to the club for action.

The dinner for the evening at 6.30 o'clock. Mr. Slattery's talk, and the business meeting which will follow will be presented, and the members will decide upon one of them.

The Catholic Club has a banquet every year, and this year the main banquet will be held sometime next month. This evening definite arrangements will be made for the banquet to be made.

FRESHMAN TRACK.

(Continued from Page 1, Col. 2.)

This schedule will be the largest ever arranged for a Freshman track team, and Manager Webster deserves great credit for obtaining so many. If the team wins the majority of its meets it is probable that uniforms will be awarded for points won in this event. The former is improving fast and is likely to spring a surprise on the Freshmen.

In the 100 and 220-yard dashes the Freshmen have a star in E. Adams, but cannot expect too much from him in Saturday's meet because of his poor condition. In addition to Adams they will be well represented by Conley, Hinze and Comiskey, all of whom are fast men and likely to score well.

If Porter does not run for the Sophomore distance the Freshmen in the two-mile will probably win the race. Porter is showing very good form in the latest meets, and is the best of the candidates, but Hine, the Freshman, has been practising at the high jump and should have a good chance to win. Adams is fairly good at the high jump, but the Freshmen have no one of any ability.

In the broad jump, Adams is the best of the candidates, but Hinze, Comiskey and Chilدرس are also jumping well. This event will not be as weak as it was supposed some time ago. Over the pole, athletes have not been good in the high jump, but the first two are the most probable winners. Lawrence is still the best at the pole vault but is not longer the only candidate for this event. Lawrence and Chilدرس are also vaulting, and are expected to struggle with the team.

Porter is showing very good form in the hammer throw and discus, and is improving fast. Fellow Lawrence, who is handling the hammer, Ober is showing fair form with the discus. In the shot put and discus, also, the Freshmen, who are not so strong, are improving fast and are making progress with their respective events.
