COPLEY SQUARE HOTEL.

At a meeting of the Senior Class Day Committee, held yesterday afternoon, several important matters were discussed including the amount of a Class Day assessment and the choice of dates and places for the dinner and dance.

The Class Day assessment, which is to be paid by all members of the Sophomore class, the engraved programs and the dances. Each man will be allowed to bring two guests, both of which may be ladies, the dancers. The Copley Square Hotel has been once more selected for the Senior dinner. This hotel was the scene of the dinner of the Class of 1912, and from the expressions of satisfaction which have been made by the members of that class the committee feels the selection to be a just one. So similar selection was made in the choice of the hall for the class dance, which is to be at the Somerset.

COURSE IV SMOKER.

Prominent Chicago Architect to Address Tech Fraternity.

This evening, at 8 o'clock, the architectural society will hold a meeting and smoker in the rooms of the department on the fourth floor of the tower. They have secured Mr. Irving Stone, one of the greatest architects of the country, as speaker, and although the subject of his talk has not yet been announced it will be sure to interest all the Course IV men. There will be the usual plentiful supply of refreshments and a good time will be had by all who attend. Mr. Stone is a member of the architectural firm of Pond & Pond, Chicago, and last year was the president of the American Society of Architects—an honor bestowed only on the foremost architects.

As he is in the East only on a short visit, he is anxious to see the society in very fine form in order to being able to secure him and the officers with all the members of the society peted.

Thursday marked the beginning of big league baseball. The World's Champions met the White Elephants. All the action was as expected, but it is needless to say, by THE TECH team.

The Freshman gymnasts are some youngsters, but they are especially to be pitied when the other day to come to a sitting position on the starting line.

The weather is so poor the night of the meeting refused to rain.
