CANDIDATES FOR "THE TECH" MEET TODAY

Members of Staff to Explain Work and Opportunities to New Men.

At 1:30 today the candidates for the various departments of THE TECH will meet in the Lower Office. It has been decided to hold this meeting at this hour rather than the following week in order to give the candidates an early chance to come out and meet the paper before the final exams. This opportunity is unprecedented in former years. The opening is especially favorable to freshmen who have not come out for a big activity, and it gives them a chance to avail themselves of the papers of the paper and not be afraid to lose.

Nine departments offer special advantages over the circulation departments as candidates can make good in either the advertising especially large field for new men. They cannot afford to lose.

The meeting is held at a time convenient for all the students interested in the various departments of THE TECH. The meeting is to be held at 1:30 in the Lower Office of THE TECH.

FOREIGN STUDENTS.

Dr. Rua, of Argentina, to Address Latin-American Students.

This afternoon at 5 o'clock, in one of the smaller rooms of the Union, a meeting of all Latin-American students, including those here at the Institute as well as a number of them desiring them all, will be held. The meeting will be addressed by Dr. Rua, professor of literature and engineer at the University of Buenos Aires, Argentina. Dr. Rua, who will address the men, is accustomed to address students in his own language. The meeting is to be held at 5 o'clock and will be open to all Latin-American students.

BROTHERHOOD DINNER.

Next Tuesday, April 29, the Tech Student Council of Saint Andrew will give a dinner at the Trinity House, 22 St. James Ave., in honor of Mr. Privat. The reservations of the members of the Council will be made known at 5:30. All members will be addressed those present at the dinner.

With the good weather the last few days baseball has taken a big advance. There are several teams in the building, and many are running into excellent form.
