**THE TECH. UNION BARBER SHOP**

**THE TECH. BOSTON MASS APRIL 20. 1913**

**Bryand and Guething are both runnings fast, and when the latter gets into better condition they will be a hard pair to beat.**

Porter, '18, is developing well in the discus and hammer throw, by working hard and shows great promise.

In Wilson, Wilkins, Adams and Loomis, Tech has the fastest bunch of sprinters in several years.

Laurozo, '16, is showing consider able improvement in the pole vault.

A steam roller was run over the track Friday and Saturday, and as a result the track was in splendid condition.

Several men who have not been practicing during the week entered Saturday's meet. Among these are Leslie and Flack, who should prove valuable additions to the team.

Beach, '14, and McNell, '13, are practicing hard in the weight events, and may prove point winners in the dual meet with W. P. I.

The B. A. A. men were running trials at the quarter yesterday, but the poor condition of the track made fast time impossible.

C. C. Clough, of W. P. I., was at the Field Saturday to determine the prospects of the latter school in the coming meet with Tech. Clough is a weight thrower, and scored 104 ft. in the New England intercollegiate last year.

**MATHEMATICIANS MEET.**

Harry H. Marsh, of the Technical High School, Springfield, will open the spring meeting of the Association of Mathematicians Teachers of New England, to be held at the Walker building, May 3, with a discussion of "Originals in Geometry." Others who will speak are Professor L. M. Panson, of the Institute, on "The Solution of Two Trigonometric Equations;" Professor H. H. Wheeler, English High School, Worcester, "Curves, Classroom Devices in Algebra."" Bertram C. Richardson, English High School, Boston, "A Method of Extracting the Square Root of Numbers;" Frederick W. Geffries, Mechanics Arts High School, Boston, "Mathematics for Technical and Manual Training High Schools."

**YALE REQUIREMENTS.**

Chinese students entering Yale will be required to pass an oral examination on their knowledge of the English tongue.

**JUNIOR MECHANICALS TAKE TRIP TOMORROW**

Course II Men in Third Year to Visit International Boiler Works.

Tomorrow afternoon, at 12:49 P.M., the Juniors who are taking the Mechanical Engineering course will leave the Trinity Place Station for South Framingham. From there the party will be conducted to the works of the International Engineering Company, which is situated a little outside of the town proper.

The construction of boilers will be followed to the very first step of the building process.

**A Choice Bit in the Tattler**

Everyone enjoys the college paper—and a Fatima is.
