THE TECH

THE TECHNIQUES ON SALE.

NOW AT THE CAGE.

Unclaimed copies can be had by anyone upon purchase of regular amount.

The copies of Technique, 1914, which had not been sold to the holders of slip-up slips by noon yesterday, were put on general sale at the Cage. Although the holders of the slips have, in many cases, been notified by the presidents of the clubs to whom they were given, the results of the general sale were very gratifying. Some of the copies are still left, and they may be obtained at the Cage by anyone, regardless of whether he has signed up or not. The books will remain on sale until the supply is exhausted.

The board requests that all men who have slip-up slips show their slips in Technique by redeeming them immediately. The books have been kept two weeks for these men, when, if they had been put on general sale, they would probably have been easily disposed of. As the board has protected the holders of the slips, it believes that they should protect the board by carrying out their obligations. In this way the board will be insured against financial losses.
