MECHANICS TO HEAR

MR. F. B. PERRY, '98

"Individual Electrical Driving"

Subject of Last Talk of Year.

This afternoon, at 4:10, the Mechanical Engineering Society will have a meeting in Room 11, Engineering B, Mr. Frank Perry, Technology, '98, will open with "Individual Electrical Driving." This is the last lecture which will be given this year, and the officers of the society feel that as many members as possible, and the students of other courses, should be invited to attend.

The new constitution of the M. I. T. Undergraduate Association was before the student body one of the chief topics for the existence of the Institute Committee was its success in the establishment of the Inter-class organization. An opportunity in this line has come up, and we take the opportunity to call attention to it.

On May 17 the Worcester meet, a Freshman-Sophomore baseball game, a tennis match with Tufts, and the first Inter-class boat race in the history of the Institute are all scheduled. The meet and baseball game to take place on the Field. Of these two, the track meet is undoubtedly the most important, and will probably prove the class hall game. The boat race in the tennis match are, however, sure to be interested. The track meet will mean that many of the men who are interested in more than the track meets of events will lose out, and athletic events are none too frequent. The Inter-class boat race may be of some importance in the future.

The Inter-class boat race will be held on the Charles River, near Boston, Mass., May 17, 1913.

When the new constitution of the Institute Committee gets to do some valuable work, we hope that a better arrangement can be made.

C. E. DINNER.

To the Editor of THE TECH:

Dear Sir:--In behalf of the 1913 Freshman-Sophomore baseball fans, we wish to express our appreciation of the excellent work of the Institute Committee in the handling of funds. There was no question of personal responsibility within the committee, and everything in our power to make it a real help to you.

Yours truly,
A. D. SALISBURY, Manager.
