TECH-WORCESTER DUAL
MEET NEXT SATURDAY

Close Score in Favor of Tech

Next Saturday, at Tech Field, a dual track meet will be held between Worcester Polytechnic Institute and M. T. It will be the gala day for track athletics, being the first time thus far this year that Intercollegiate competition.

Although there is little doubt that Tech will pip WP. I. for honors, it is not an assured fact by any means. It is very hard to tell just what the WP. I. team may do as we only have the records of two men as things go by. In the sprints, WP. I. has several good men and the races at 100 and 220 yards should be close. In the four-tye-four Tech seems to have a decided chance over its opponents and should place well in this event.

When it comes to the longer distances WP. I. is rather stronger than in the other track events. In the mile and mile and a half the WP. I. men will have to show up very well to score in this event. In the mile both Tech men have run very close to, if not better, than the NW. P. I. has two men who will run very well. One of these is a strong half-mile squad, and WP. I. will have to show up very well to score in this event.

When it comes to the shorter distances WP. I. is rather stronger than in the other track events. In the mile and 220 yards WP. I. will have to show up very well to score in this event. In the mile both Tech men have run very close to, if not better, than the NW. P. I. has two men who will run very well. One of these is a strong half-mile squad, and WP. I. will have to show up very well to score in this event.
