CLASS BOATS TO RACE

On Charles Today

Sophomores Get Best Position—Crews to Finish at Hereford Street.

The interclass boat race will be rowed today at 5 o'clock P.M. The course will be two miles, and one and one-eighths, as was first announced, and will extend from the Cottage Farm Bridge to Hereford street. There will be a junior boat in the center, the Sophomore boat on the Boston side, and two or three freshmen boats on the Cambridge side of the river. Coach Grear, who coaches the Boston schoolboy crews, will referee, and Dean Burton will probably be a judge at the stitch. Harvard candidates will be the best place from which to witness the whole race.

CHEMISTS' BANQUET.

Good Speakers Promised at Affair in Hotel Plaza.

The Chemical Society ballots are due at the cage today at 4 P.M. The ballot will be held at the Hotel Plaza on Columbus avenue, at 4:30 P.M. Tickets for the banquet may be secured from the present officers of the society and from the candidates whose names appear on the ballots. Mr. Whitney of the General Electric Company will be one of the speakers of the evening. Others will be Dr. Talbot, Professors Walter and Lewis, and other members of the Faculty of the Chemical Department. The tickets will cost $1.25, and the officers of the society hope to see every one of the 119 members present.

MINERS' FIRST BANQUET.

W. R. Ingalls to Be Speaker— Elections to Be Announced.

The first annual banquet of the Mines Engineering Club will be held at the Hotel Lenox Friday, May 16, at 7:15 P. M. Mr. Walter R. Ingalls, President, Mining Engineering Journal, is the speaker for the evening. The election of the Executive Committee. The following men must present their names on the waiting list: Mr. D. H. Robbins, Mr. H. D. Gorman, Mr. W. E. C. H. and Mr. P. E. C. A. The following men are the officers of the club for one dollar.

TENNIS PROGRESS.

Only four matches in the singles and one in the doubles of the tennis tournament have been played so far. This is a very unpromising showing, and unless the remaining matches are played off more quickly this year's tournament will resemble those of former years, in that it will have to be confined to the Fall.

In the singles Curtis defeated white, 10-8, 7-5; Woodbridge displayed off more quickly this year's and unless the remaining matches are played off more quickly this year's and one in the doubles of the tennis tournament have been played so far. This is a very unpromising showing, and unless the remaining matches are played off more quickly this year's tournament will resemble those of former years, in that it will have to be confined to the Fall.

SENIOR PORTFOLIOS

NOW READY AT CAGE

Holders of Sign-Up Slips May Obtain Books Today at 1 P.M.

The Senior Portfolios are now out today, and may be obtained at the Cage from 1 to 2 P.M. They will be distributed each day at the same time as the portfolio. The portfolio is only distributed each day at the same time as the portfolio.

Track Meet with W. P. I. Tomorrow

Tech Probable Winner Although W. P. I. Will Capture Many Points.

Tomorrow, at 2 P.M., a dual meet will be held at the field between Worcester Tech and M.I.T. The Tech will undoubtedly be close and the field events will be contested.

In the singles Tech is rather strong this year, and both will probably capture the honors in both events. It will, however, be no walkover, for competition may be expected from Jessee and Very, both of whom have had a lot of practice in the past.

The tourney is another event in the school's track, and the Tech should prove the winners with W. H. Gasting, Reed, Bolton and Goss all in good condition, both Morton and Warren of Worcester.

BIOLOGICAL BANQUET.

Banquet Will Be Held at the Technology Club Tonight.

The Biological Society will hold its annual banquet this evening at the Technology Club on Newbury street. The banquet is scheduled for 6:30 sharp. Tickets may be obtained from the present officers of the society for one dollar. After the meeting, there will be a very successful dinner at the Hotel Plaza on Columbus avenue, at 6.30 P.M. All members are urged to attend the society's banquet.

MECHANIC ARTS DINNER.

The Mechanic Arts Club held its very successful dinner Wednesday evening at the Hotel Lenox. The dinner was scheduled for 6:30 sharp. Tickets may be obtained from the officers of the society for $1.10.

M. I. T. TRACK

for Tech must have their performances to capture even second place.

In the half the results seem more doubtful. Hildreth is not quite the same man as last year, and the other runners in the race will be a bit of a handicap. Tech will have a good chance to win, and if they can hold together they will be able to win.

The annual government inspection of the M. I. T. Cadet Corps was held last Wednesday in the Armory. Capt. Schindel, of the Armorial Guard, was the inspector. The drill was not as bad as it has been during some of the recent drill periods.

The inspection consisted of a regimental parade and review, battalion and company drills, and a regular regimental inspection. During the latter Capt. Schindel asked a number of the men questions concerning their names and use of various parts of the rifle. These were answered fairly well.

Capt. Schindel did not express any opinion as to the efficiency of the Regiments. This will not be known until later, but the inspection was a success. The men did, however, compliment Capt. Chadfield on the manner of the company drill.

SURVEYING CAMP.

Professor Spofford wishes to meet all men expecting to attend the Summer Surveying Camp this year on Friday, May 16th, at 4 P.M., in Room 4-13, Engineering Building A.

PORTFOLIO ON SALE TO-DAY AT UNION

Mr. Gano Dunn Addressed Members at Spread Given By Prof. Jackson.

Last evening the Electrical Engineering Society was given a very excellent dinner and evening's entertainment by Professor Jackson of the Electrical Engineering Department. The dinner was held in the Union at 6.30 o'clock, and a large number of men were in attendance.

The speaker of the evening was Mr. Gano Dunn, a former president of the American Institute of Electrical Engineers, and at the present time the president of the J. C. White Company. Mr. Dunn has been from Houghton, class of '91, and while a student he worked for several years as a telegraph operator. The speaker in his address gave the fellows a great many useful points in regard to the practical experiences of college graduates aspiring to engineers, and the one thing that he held out very strongly was the necessity of proper preparation.

After Mr. Dunn had finished his interesting talk, the meeting was thrown open for general questioning, and then the speaker was given a regular applause. The following men were chosen: President, H. B. Rich- mond; vice-president, J. W. Hines; treasurer, H. A. Atwood; director, John Tech was one of the speakers for the Chemical Department. The tickets will cost $1.25, and the officers of the society hope to see every one of the 119 members present.

ELECTRICAL SOCIETY

HOLDS FINAL BANQUET

Mr. Dunn addressed the members at the spread given by Prof. Jackson.

The annual government inspection of the M. I. T. Cadet Corps was held last Wednesday in the Armory. Capt. Schindel, of the Armorial Guard, was the inspecting officer. The drill was not as good as it has been during some of the recent drill periods.
