PRIZE DRILL ON FRIDAY EVENING

President Maclaurin to Review Regiment—Competition Very Keen.

Next Friday the annual prize drill, the final event of the year for the M. T. Regiment, will be held. The competition, which will be one of company and individual prize drills, will come at 8 P. M., in the Armoury. Tickets may be obtained from the officers or first sergeants at 25 cents each.

Before the drills the Regiment will be reviewed by President Maclaurin. Then will come the company drill, in which each company will be allowed ten minutes for evolutions and the inspection of their equipments.

The final event will be an evening parade, during which President Maclaurin will present the prizes to the winners in the competitions. The first man in the individual drill is to receive a gold medal, and a silver medal is to be presented to the winner of the second place. The captain of the best company will receive a gold medal, as in former years, and will also get a special prize, which has been offered by Mr. F. C. Leavant of the Jacob Reed Sons Co. This contest, which is open to all companies with complete traps, President Maclaurin will also give all the officers of the regiment.

The members of the prize company will be rewarded by a dinner at the expense of the regiment.

Of the companies, the Postern will be at the gym next Wednesday, from 2:30 o'clock on, to give the competitors in the individual drill some practice. The practice will give the men a chance to get their rifles from the Armoury.

TALK ON SOCIALISM.

Today, at 1:30 o'clock, Rev. J. H. Holmes will speak in the Union under the auspices of the Economic Club. His subject will be "Socialism," and all students who are in any way interested are invited to be present.

Mr. Holmes is a Harvard graduate, and a Phi Beta Kappa man. He is president of the Unitarian Fellowship for Social Justice. Vice-President of the Middle West Unitarian Conference, author of "The Revolutionary Function of the Modern Church," Associate Editor of "Unity," a Unitarian paper, and rector of the Church of the Messiah in New York. Because of this wide range of experience he is expected to give an exceptionally fine talk, which will be of interest to all opponents of socialism.

GAME POSTPONED.

The Freshman-Sophomore baseball game, which was scheduled for Saturday afternoon, was postponed on account of the bad weather. It will probably take place this week.

The Boston Society of Civil Engineers recently entertained the Tech. Thanks to the desire of the members to see the fresh- ing courses at the Boston City Club, a series of talks were arranged, and accordingly surprised the crowd by giving a solo dance.

FINANCE COMMITTEE PUBLISHES REPORT

All Activities Shown to Be Prosperous—Show Clear $1250.

At the last meeting of the Finance Committee the secretary was instructed to make public through the columns of the Middle West Unitarian, the financial conditions of the various activities. The report follows:

Architectural Society.
Cash on hand .......................... $29.89
Probable further expenditures 4.50

Biological Society.
Cash on hand May lst ................ $8.88

Chemical Society.
Cash on hand May lst ................ $49.98
Probable further expenditures 31.30

Civil Engineering Society.
Cash on hand May lst ............... $123.50
Probable further expenditures 25.30

Class of 1895.
Cash on hand May lst ............... $195.23

Class of 1896.
Cash on hand May lst ............... $108.78
Probable further expenditures 45.70

Class of 1914.
Cash on hand May lst ............... $202.10

Cash on hand May lst ............... $154.43

Concerning M. T. T.
Dues due ................................ $54.00
Probable further collections 4.00

Cosmopolitan Club.
Cash on hand May lst ............... $16.87
(Continued to Part 3.)

MINERS DINE AT LENOX.

Mr. Ingalls Addressed Meeting—Wells Elected President.

Friday evening at the Hotel Lenox, the first banquet of the Miners Society was held, with about 200 of the members present. Mr. Walter R. Ingalls, editor of the Mining Engineering Journal, was the speaker of the evening. Professors Richards and Hoffman also addressed the assembled miners.

The elections for next year's officers were completed with much enthusiasm. R. E. Wells was elected president, H. O. Maxwell vice-president, and W. L. Wurrer secretary, and R. C. Foster and G. T. Hilton as the Senior and Junior members of the Executive Committee.

The members were entertained by several vocal selections by S. E. Tauer, accompanied by R. E. Cliffs, and all in all, the members of the society felt that their banquet was a huge success.

NAVAL SOCIETY DINES.

Informal Affair Held Friday at Wirth's Restaurant.

The annual dinner of the Naval Architecture Society was held at Wirth's on Friday evening. There were no speakers as the society desired to hold a strictly informal dinner. The Professor Peabody was the guest of the society. The general election of officers will take place Thursday afternoon, May 25th, at 1 o'clock, in 83 Engineering C.

WORCESTER MEET A RUNAWAY FOR TECH

Final Score 95 to 35—Result Never in Doubt—McLeod Stars for M. I. T.

In Saturday's dual track meet Tech tumbled itself far and away the superior of Worcester Polytechnic Institute in almost every event. In many of the events W. P. I. was unable to place, and in the half-mile run was not even represented, this race being merely an inter-class affair. Walsh and McLeod starred for Tech, while Captains Keith of Worcester led his team in the scoring in the runs, and Power did the running for Worcester in the weight events. The final score was 95 for Tech to 31 for the visiting team. No records were endangered. The track speed was in fair condition but was rather soft.

The half-mile was one of the most interesting of the meet. Armstrong of Worcester took the lead for two laps, only to be supplanted by Wall, who held it until the next to last lap. Armstrong closed close during this time and when Armstrong passed Wall on the seventh lap, Cook had his lead and went into second position. With two laps to go, both men were closely matched, but Cook speeded at fine points, and Cook held on exceptionally well, and finished but eight yards behind. In the broad jump McLeod and Fox put up their previous best efforts on the last jumps, and forced All into third place. Tech's Hall tied for first in the high jump with 5 feet 2½ inches, but Hall later cleared 5 feet 9 inches, McLeod was third. The low hurdles race was exceptionless won by Clark. All the men were entered until the last hurdle, when both Hilt, (Continued in Part 3.)

FRESHERWIN WIN RACE.

Defeat Juniors and Sophomores in Inter-class Contest.

Friday afternoon Tech's first inter-class boat race was held on the Charles, and was won easily by the Freshman boat. The Juniors turned in second, a length and a half behind, and the Sophomores were a very poor third, eight lengths to the rear.

The cold, windy day did not keep away many rowers, who were compelled to wait until 6 o'clock before the race started. The river was fairly smooth, but the crews had to row against the wind, which made the race somewhat slower than it would otherwise have been. The race was won by the Freshman boat, based on the Harvard Bridge, a distance of one mile. The Juniors showed the most spirit in the race, and the Sophomores were not far behind in better condition. The Sophomores were neither fast nor in good condition.

FOUNTLEY BUSINESS.

An illustrated lecture on "Fountain Work and Appliances" will be given in 11 Engineering B on Monday, Tuesday, and Thursday of this week at 2 P. M. for all men taking this course. As these are to be given in place of the regular exercises in the laboratory, attendance on one of the days is required.
