**THE TECH**

**Boston, Mass., May 19, 1913**

**THESES ARE DUE**

**Tuesday, May 27, at 5 P.M.**

It is no way pays to delay this important part of your last year at school. Plan to finish your first writing at least two weeks ahead, so that the final form, which is a large factor in the effectiveness of all work, may be well done.

If you wish to have it typewritten at no low cost as is consistent with careful, painstaking work, bring it in early to those who have had three years' experience with Tech Type. (R. H. RANGER, Tech Typing Bureau.)

**CHEMICAL SOCIETY CLOSES WITH BANQUET**

Hotel Plaza Scene of Dinner—

Elections for Next Year announced.

Friday night the Chemical Society ended its year with a banquet at the Hotel Plaza. The forty odd men who were present were given a welcome dinner, with the orchestra filling the interludes with popular songs. President Albee of the society called on Professor Walker to introduce the speaker of the evening, Mr. Whitney, head of the Research Laboratory of the General Electric Company. Mr. Walker did his part well, putting all the men present in the best of humor.

Mr. Whitney said that they should be idealists; that although they were educated in groups for economic reasons they should strive toward an individuality, even accounting for any part of their mental development which seemed different from that of other men. He gave much excellent advice in a heart-to-heart manner, illustrating his points with stories of the research work at Schenectady. When Mr. Whitney had finished and the men had vented their enthusiasm in cheers, President Albee announced the results of the election. R. H. McAllister, '14, X, is new president; B. H. Hale, '14, X, is vice-president; D. P. Goddard, '14, is secretary; L. P. Hamilton, '14, V, is treasurer, and W. N. Watson, '14, X, and M. P. Irwin, '15, V, are the members of the Executive Committee.

The activity of the Freshman track team surpasses that of previous years.

**YOU'VE BEEN THE VICTIM—YES, YOU HAVE.**

We all have, of the petty salesmen who lost all interest when we stated the price we wanted, or could afford, to pay and this didn't meet with his exalted ideas. We don't employ such of this kind. Or any other kind.

The same courteous service I rendered in the showing of our $25.00 suit is that of twice this sum.

That $25.00 suit will be a pleasant surprise to you if you are not acquainted with it.

We make a specialty of it, are immensely proud of it, and guarantee its value in every detail.

You don't have to buy, we won't bore you, but it will pay you to see what we offer at this price.
